City of Apple Valley Personnel Policy Manual

1: GENERAL INFORMATION

1.1 Personnel Policy Manual

PURPOSE

It is the purpose of these policies to establish a uniform and equitable system of personnel administration for employees of the City of Apple Valley, connect the city's mission to individual conduct, clarify organizational expectations, support compliance with laws and regulations, mitigate organizational risk, and enhance productivity and efficiency in the city's operations. Their provisions do not establish terms and shall not be construed as contractual provisions. They are not intended to be all-inclusive or to cover every situation that may arise.

SCOPE

All employees of the city shall be covered by these policies except as otherwise stated or the extent to which a policy is superseded by a specific provision of a collective bargaining agreement.

For purposes of these policies, elected officials shall generally be considered employees, except where stated otherwise or where it is impractical or not feasible due to the nature of elected officials' employment.

The following individuals are not covered by these policies unless stated otherwise:

- (1) Members of city boards, commissions, and committees
- (2) Consultants and contractors
- (3) Volunteers
- (4) Firefighters
- (5) Other positions so designated

If any specific provisions of the personnel policies conflict with any current collective bargaining agreement, the collective bargaining agreement will prevail. These policies do not create new rights or diminish existing rights in any city collective bargaining agreement. Employees represented by a collective bargaining agreement are encouraged to consult their agreement first for information about their employment conditions.

Nothing in these policies is intended to modify or supersede any applicable provision of state or federal law. Where these policies differ from state or federal law, the applicable law will be followed.

Nothing in these policies shall be construed to hinder or suppress the lawful concerted activities of employees for their mutual aid or protection with respect to terms and conditions of employment.

These policies serve as an information guide to help employees become better informed and to make their experience with the city more rewarding. Departments may have additional work rules, including operating procedures or guidelines, deemed necessary by the supervisor and approved by the City Administrator for the achievement of objectives of that department. Each employee will be given a copy of such work rules by the department upon hiring and such rules will be further explained and enforcement discussed with the employee by the immediate supervisor.

Employees are responsible for knowing, understanding, and complying with personnel policies, as well as work rules, operating procedures, or guidelines that relate to their position, employment, or role at the city. Employees who fail to comply with these policies may be subject to discipline, up to and including termination of employment.

The city's personnel pay and benefit plan will be adopted separately by the City Council.

City of Apple Valley Personnel Policy Manual

ADOPTION

These policies may be amended at any time at the sole discretion of the city and they will supersede all previous personnel policies. Revisions and amendments shall become effective upon approval by the City Council. Non-substantive changes, such as technical corrections to spelling, grammar, etc., or formatting changes may be made to these policies without prior City Council approval.

The City Council provides the City Administrator, or designee, with the full scope of responsibility and authority to interpret and administer these policies and promulgate appropriate procedures, rules, regulations, guidelines, and forms.

The city reserves the right to operate and manage its affairs in all respects in accordance with existing and future laws and regulations. These rights shall specifically include, but not be limited to, the right to adopt, amend, repeal or terminate the personnel policies. Where it is determined that a strict application of the personnel policies would cause undue hardship, the city shall have the right to interpret the policies in a manner to avoid undue hardship.

2: HIRING AND SEPARATION

This chapter in its entirety does not apply to elected officials.

2.1 Recruitment and Selection

POLICY

This policy supports the city in its recruitment and employment efforts to engage in non-discriminatory practices that foster a diverse workforce whose knowledge, skills, abilities and service orientation support the city's mission.

Selection of a candidate for a vacancy shall be made on the basis of qualifications for the vacant position, regardless of race, color, creed, religion, national origin, ancestry, sex, sexual orientation, gender identity, or gender expression, disability, age, marital status, genetic information, status with regard to public assistance, veteran status, familial status, membership on a local human rights commission, lawful participation in the Minnesota Medical Cannabis Patient Registry, or any other status protected by law.

City of Apple Valley Personnel Policy Manual

The city reserves the right to review the employment of family members of an employee to determine appropriate employment action. Applicants for any position, including promotions and transfers, may be rejected for the position if any of the following circumstances exist:

1. When an employee would directly supervise, evaluate, audit, or participate in disciplinary actions affecting another member of his or her family.
2. When confidentiality of city data or the city's auditing/financial/internal control function would be compromised.
3. When there is the potential for, or appearance of, inappropriate influence relating to policy decisions.

PROCEDURES

Procedures for recruitment, interviewing, and selection of personnel shall be under the direction and authority of the Human Resources Manager in compliance with all applicable statutes, rules, and regulations.

Recruitment

Depending on the position and the city's needs, the city may recruit internally, externally, or both. Position vacancies within the city may be posted internally, if practical, for five calendar days. Internal posting may be concurrent with external posting. The city may post an announcement of a position opening on the city's web site.

Candidates must complete and submit required application materials by the posted deadline in order to be considered. The deadline for application may be extended by the Human Resources Manager. Unsolicited applications will not be kept on file.

The city may, at its sole discretion, make an offer of promotion or transfer to a qualified employee in lieu of internal and/or external posting of a vacancy.

Selection

The City Administrator or hiring manager works in cooperation with Human Resources to develop the selection process for any vacancies. The process may include written/verbal performance tests, evaluation of training and experience, interviews, developmental assessment, or any combination of these. Any job offer made to an external candidate will be contingent on a criminal history check. The city may in its discretion conduct a driving record check, background investigation, and/or reference check of an applicant for a position when justified by job requirements or required by law.

Some applicants may also be required to complete a physical examination, psychological examination and/or drug and alcohol test as a condition of employment. The city will select the physician or psychologist to assess the candidate's ability to perform the essential functions of the job.

Employment in any position is subject to approval by the City Council. However, at the discretion of the City Administrator, or designee, a provisional appointment may be approved prior to the Council's employment action.

Position vacancies may be filled on an "acting" basis as needed. The City Council will approve all acting appointments. Pay rate adjustments, if any, will be determined by the City Administrator or designee.

Pre-Employment Medical Exams

The Human Resources Manager may determine that a pre-employment medical examination, which may include a psychological evaluation, is necessary to determine fitness to perform the essential functions of any city position. Where a medical examination is required, an offer of employment is contingent upon the city's receipt of the acceptable result of the medical exam.

When a pre-employment medical exam is required, it will be required of all candidates who are finalists and/or who are offered employment for a given job class. Information obtained from the medical exam will be treated as confidential medical records.

City of Apple Valley Personnel Policy Manual

When required, the medical exam will be conducted by a licensed physician designated by the city with the cost of the exam paid by the city. Psychological exams will be conducted by a licensed psychologist or psychiatrist. The physician will notify the Human Resources Manager or designee that a candidate either is or isn't medically able to perform the essential functions of the job, with or without accommodations, and whether the candidate passed a drug test, if applicable. If the candidate requires accommodation to perform one or more of the essential functions of the job, the Human Resources Manager or designee will confer with the physician and candidate regarding reasonable and acceptable accommodations. If a candidate is rejected for employment based on the results of the medical exam, he/she will be notified of this determination.

Equal Employment Opportunity

The City of Apple Valley is committed to providing equal opportunity in all areas of employment, including but not limited to recruitment, hiring, demotion, promotion, transfer, recruitment, selection, lay-off, disciplinary action, termination, compensation and selection for training.

The City of Apple Valley will not discriminate against any employee or job applicant on the basis of race, color, creed, religion, national origin, ancestry, sex, sexual orientation, gender identity, or gender expression, disability, age, marital status, genetic information, status with regard to public assistance, veteran status, familial status, or membership on a local human rights commission or lawful participation in the Minnesota Medical Cannabis Patient Registry.

DEFINITIONS

When used in this section, the following terms shall have these meanings ascribed to them, unless otherwise noted.

Family Member. Mother, father, husband, wife, son, daughter, brother, sister, or grandparent of the employee or employee's spouse.

2.2 Background Checks

In addition to city employees, this policy applies to firefighters. This policy may be applied to consultants, contractors, and volunteers at the discretion of the city.

POLICY

It is important for all city staff and visitors to have a safe and secure environment and for the city to take prudent action to protect its funds, property, and other assets. Therefore, the city provides this process of background check/investigation to minimize organizational risk, to comply with federal and state regulations that require it for specified positions, and to help responsible authorities make sound employment and contracting decisions.

Applicants

The City of Apple Valley conducts background checks on all prospective employees, as well as selected promotions and transfers in the city. Background checks will be conducted on temporary, volunteer, and contract positions as deemed necessary.

Offers of employment are contingent upon completion of a background check with satisfactory results when required by law or city policy. Background checks, as determined by the nature of the position, may include but are not limited to checks in the areas of education, licensing, employment, criminal history, driving record, sex and violent offender registry, credit report, civil judgments/liens, social security history and references.

The city will not inquire into or consider the criminal record or criminal history of applicants until the applicant has been selected for an interview, unless otherwise required by law.

City of Apple Valley Personnel Policy Manual

The Apple Valley Police Department is authorized by the City Council to do a criminal history and/or driving record background investigation as referenced by this policy. No such investigation may be performed by the Police Department unless the individual authorizes the Police Department in writing to perform the investigation and release the information to the Human Resources Manager and other city staff on a need-to-know basis. An individual is not legally required to provide the requested information. If the information is not provided, the city will be unable to conduct the required background inquiries and will not be able to process the application nor be able to give further consideration for the position.

If the city denies an applicant a position with the city solely or in part because of the applicant's prior conviction of a crime, subject to the exceptions listed in Minnesota statute, the Human Resources Manager shall notify the applicant in writing of the following:

1. The grounds and reasons for the denial or disqualification;
2. The opportunity to request reconsideration of the city's decision and to provide the city competent evidence of rehabilitation and present fitness for the position within five days of the notice of denial;
3. The applicable complaint and grievance procedure as set forth in statute;
4. The earliest date the person may reapply for employment with the city; and
5. That all competent evidence of rehabilitation presented will be considered upon reapplication.

Candidates for positions working with children will not be selected if they have been convicted of any crime listed in the Minnesota Child Protection Background Check Act. Generally, this includes child abuse crimes, murder, manslaughter, felony level assault or any assault crime committed against a minor, kidnapping, arson, criminal sexual conduct, and prostitution-related crimes.

Current Employees

Background checks will be conducted on current employees who are applicants for sworn police positions, department head level positions, and other positions which are required by law.

The city also reserves the right to conduct periodic verification updates on current employees in other situations.

Contractors and Volunteers

In order to select qualified contractors and volunteers, the city may conduct background checks.

If a background check is completed, it will include a review of the criminal record of the primary independent contractor and any other sub-contractors or staff of the primary contractor or volunteer. The background check will consist of a minimum review of the criminal history and sex/violent offender registry. Additional checks including driving record and civil judgments/liens may be conducted based on the nature of the work. A background check may be completed at least once every twelve months or any time after a six month break in contract activity.

DEFINITIONS

When used in this section, the following terms shall have these meanings ascribed to them, unless otherwise noted.

Background check/investigation. Review of an individual's background, which may include any combination of the following: verification of education, licensing, credentials, employment, criminal history, driving record, sex and violent offender registry, credit report, civil judgments/liens, social security history, and references.

2.3 Probationary Period

The probationary period is an introductory period of employment that allows the city and the employee to determine if the employee is suited for the job.

City of Apple Valley Personnel Policy Manual

POLICY

All newly hired or rehired full and part-time regular employees shall serve a 12-month probationary period. At any time during a probationary period, an employee may be discharged at the sole discretion of the city. No cause for discharge is necessary.

A full or part-time regular employee shall serve a six-month probationary period in any job classification in which the employee has not previously served a probationary period, if the employee has previously completed the initial 12-month probationary period. At any time during the 6-month probationary period, the employee may be returned to his or her previous position at the sole discretion of the city.

Time served in casual, volunteer, or interim positions is not considered part of the probationary period. If an emergency arises during an employee's probationary period which requires a leave of absence, such time off, if granted, will not be considered as time worked, and the probationary period will be extended by the length of time taken.

A casual employee will not serve a probationary period and may be discharged at the sole discretion of the city at any time for any reason or no reason. No cause for discharge is necessary.

2.4 Transfer

This policy establishes the City of Apple Valley's position transfer provisions.

POLICY

In the event an employee transfers to a different position for any reason, either voluntarily or involuntarily, the employee's placement on the appropriate salary schedule shall be at the discretion of the city.

An eligible employee shall serve a six-month probationary period in any job classification in which the employee has not previously served a probationary period, if the employee has previously completed the initial 12-month probationary period.

2.5 Reassignment

POLICY

The city retains the full right and authority to assign and/or reassign job duties consistent with the tasks of the position.

2.6 Resignation

The city requires a notice period in order to prepare for the transition of duties, staffing plans, and turnover of projects and work in progress.

POLICY

An employee wishing to resign from the city in good standing shall provide the city with a written notice of resignation at least 14 calendar days in advance of the effective date of the resignation.

A department head wishing to resign from the city in good standing shall provide the city with a written notice of resignation at least 30 calendar days in advance of the effective date of the resignation.

An employee is expected to work his/her regular schedule during the notice period preceding resignation, and leave may be denied during the notice period. An employee shall be paid through the last day actually worked. Except where otherwise provided by law or city policy, an employee shall not be permitted to use paid leave hours, holidays, or unpaid leave to extend employment beyond the last day actually worked. The last day actually worked will be recorded as the employee's official date of separation from employment.

City of Apple Valley Personnel Policy Manual

These provisions may be waived at the discretion of the City Administrator or designee. Failure to comply may be cause for denying payment of unused annual leave and future employment by the city.

PROCEDURES

An employee wishing to resign in good standing should give written notice to his/her immediate supervisor and/or department head.

The supervisor or department head will forward the notice to the Human Resources department for inclusion in the employee's personnel file. The City Administrator or designee is authorized to accept an employee's resignation.

DEFINITIONS

When used in this section, the following terms shall have these meanings ascribed to them, unless otherwise noted.

Good standing. Constitutes circumstances in which an employee resigns with advance written notice as described in this policy and works his/her regular schedule during the notice period. Discharge for cause shall not be a separation in good standing.

Department head. Schedule III positions and exempt positions reporting directly to the City Administrator.

2.7 Lay Off

This policy establishes the City of Apple Valley's lay off provisions.

POLICY

The city may lay off a full-time employee whenever such action is necessary due to the discontinuance of a position.

A full-time employee who is laid off from employment due to discontinuance of a position shall be provided with a minimum of 30 days advance notice of such lay off.

Part-time and casual employees may be separated from employment due to discontinuance of a position without advance notice.

Layoff will be considered permanent dismissal.

3: EMPLOYMENT PRACTICES

3.1 Hours of Work and Overtime

This policy establishes the city's standard work period and overtime provisions.

This policy does not apply to Elected Officials.

POLICY

The City of Apple Valley's standard workweek for a full-time employee is five eight-hour days in addition to break periods, comprising 40 work hours per seven-day period, including approved leaves of absence. Variations to the standard workweek may be authorized by the City Administrator or designee for the benefit of city operations. The city's workweek for the purpose of determining overtime shall be calculated from Saturday through the following Friday. The city may unilaterally modify the workweek for any or all positions or classes of positions.

City of Apple Valley Personnel Policy Manual

Employees participating in the annual leave program are required to account for all regularly scheduled hours of their work period, either through hours worked or use of accrued paid leave. Unpaid leaves are not permitted, except where provided by law or city policy. Refer to Leaves of Absence section for additional information. Department heads may authorize leave makeup within a workweek for non-exempt employees. Department heads may authorize leave makeup within a reasonable period for exempt employees.

Overtime

A city employee may be required to work overtime. All overtime worked by a non-exempt employee must be pre-approved and authorized by the appropriate supervisor. The city retains sole discretion to determine when employees must work overtime. An employee who works overtime without prior approval may be subject to disciplinary action.

Non-exempt employees who work more than 40 hours within a workweek, inclusive of approved paid leave time, shall be compensated at the rate of one and one-half times the employee's regular hourly rate of pay for such hours worked in excess of 40 hours.

Seasonal employees hired to work at city recreational facilities that are open for less than seven months during a calendar year will be paid overtime for hours worked in excess of 48 hours per week.

A non-exempt full-time employee called back to work at a time other than the employee's regularly scheduled hours, shall be compensated for a minimum of three hours at one and one-half times the employee's straight time hourly rate of pay. Extension or early report to an employee's scheduled work hours shall not qualify for the three-hour minimum call back.

Exempt employees are not eligible for overtime compensation. Full-time non-exempt employees who are eligible for overtime may request compensatory time be placed in a compensatory time bank in lieu of payment for earned overtime. The maximum time allowed to accumulate in an employee's compensatory time bank shall not exceed 80 hours.

The maximum time deposited into an employee's compensatory time bank, exclusive of hours carried forward from the previous year, shall be limited to 160 hours in total per calendar year.

An employee may request to cash out all or part of the employee's compensatory time bank at the employee's current base pay rate at the end of any regular pay period.

Compensatory time banks will be cashed out at the existing rate of pay immediately prior to an employee transfer or promotion into a position which is exempt from overtime.

Exempt Employees

Exempt employees are expected to work the hours necessary to meet the performance expectations outlined by their supervisors. Generally, to meet these expectations, and for reasons of public accountability, an exempt employee will need to work 40 or more hours per week. Exempt employees do not receive extra compensation for hours worked over 40 in one workweek.

Exempt employees are paid on a salary basis. This means they receive a predetermined amount of pay each pay period and are not paid by the hour. Their pay does not vary based on the quality or quantity of work performed, and they receive their full weekly salary for any week in which any work is performed.

The city may make deductions from the weekly salary of an exempt employee in the following situations:

- The employee is absent for a full workweek and, for whatever reason, the absence is not charged to paid leave (for example, a situation where the employee has exhausted all paid leave).
- The very first workweek or the very last workweek of employment with the city in which the employee does not work a full week. In this case, the city will prorate the employee's salary based on the time actually worked.

City of Apple Valley Personnel Policy Manual

- The employee is in a position that earns paid leave and is absent for a partial day due to personal reasons, illness, or injury, but paid leave has been denied or paid leave is exhausted.
- The employee is suspended without pay for a full day or more for disciplinary reasons for violations of any written policy that is applied to all employees.
- The employee takes unpaid leave under the FMLA.

Leave for Exempt Employees

Exempt employees are required to work the number of hours necessary to fulfill their responsibilities including meetings and/or on-call hours outside the normal workday hours.

Exempt employees are required to use paid leave when on personal business or away from the office for four hours or more, on a given day. Absences of less than four hours do not require use of paid leave, as it is presumed that the staff member regularly puts in work hours above and beyond the normal weekly requirement. Exempt employees must reasonably communicate their absences to their supervisor.

If an exempt employee is regularly absent from work and it is found that there is excessive time away from work that is not justified, the situation will be handled as a performance issue.

If it appears that less than 40 hours per week is needed to fulfill a position's responsibilities, the position will be reviewed to determine whether a part-time position will meet the needs of the city. Additional notification and approval requirements may be adopted by the City Administrator or designee for specific situations as determined necessary.

Hours Limits for Other Than Full-Time Employees

Part-time regular employees shall not work more than 28 hours per week, including hours worked, paid leave, and special unpaid leave. All shifts, including schedule trades or picked-up shifts, must be pre-approved by a supervisor. Unpaid leaves of absence or furloughs may be imposed on an employee who exceeds 28 hours per week. Working an extra shift without prior approval may result in discipline, up to and including termination of employment.

Variable hour employees shall not regularly work more than 28 hours per week, including hours worked, paid leave, and special unpaid leave. A variable hour employee may have a period of employment at greater than 28 hours per week only if it is reasonably expected to be of limited duration and it cannot be determined that the employee is expected to work on average at least 30 hours per week over a 12-month measurement period.

Seasonal employees shall not work longer than six months in a calendar year. A seasonal employee shall not be rehired or transferred to another position with the city until the employee has had a break in service of either: A) 13 weeks, or B) at least 4 weeks and longer than the last period worked. A break in service does not necessarily mean termination, but a consecutive period where no hours worked are credited to the employee.

Meal and Rest Breaks

An employee shall be provided sufficient time to eat a meal when working eight or more consecutive hours, and sufficient time to use the nearest convenient restroom within every four consecutive hours of work.

An authorized break of less than 20 minutes will be counted as hours worked. An authorized bona fide meal break of 30 minutes or more will be unpaid.

A full-time employee working a shift of 8 or more consecutive hours will typically be provided an unpaid meal break of 30 minutes and two paid break times of 15 minutes.

Department heads may authorize employees to combine the 30-minute unpaid meal break and rest breaks into an extended lunch break time.

Departments with unique job or coverage requirements may have additional rules, issued by the department head and subject to approval of the City Administrator, on the use of meal breaks and rest breaks.

City of Apple Valley Personnel Policy Manual

Employees are expected to use breaks as intended. Employees shall not skip or work through a break period to earn pay or compensatory time. Employees shall not skip or work through a break period in order to arrive at the workplace later than the designated starting time or to leave the workplace earlier than the designated quitting time, except in limited instances approved by the department head.

Unauthorized breaks and unauthorized extensions of authorized breaks will not be counted as hours worked and may result in discipline.

3.2 Flexible Work Arrangements

This policy does not apply to Schedule III, part-time, or casual employees; employees represented by a collective bargaining agreement; or elected officials.

Flexible Work Arrangements have a potential for enhancing city performance. Flexible Work Arrangements have been shown to decrease employee stress and increase employee engagement, morale, loyalty and productivity.

Departments may have informal systems in place to support flexibility on an occasional basis. With supervisory approval, an employee may adjust their hours to attend to a personal matter. This policy does not preclude such departmental discretion. This policy addresses instances in which an employee and department head want to institute a regular arrangement that consistently differs from the standard work hours.

POLICY

An eligible employee may request a Flexible Work Arrangement. Employees and department heads are expected to follow this policy in proposing or considering a Flexible Work Arrangement.

A Flexible Work Arrangement is intended to create flexible conditions that help employees integrate their work and personal lives more effectively. A successful Flexible Work Arrangement serves the needs of the individual employee, their work group, and the city.

A Flexible Work Arrangement must meet the operational needs of the city and should not negatively affect the workload of coworkers either by shifting burdens or creating delays or additional steps in the work flow.

Eligibility of Employee

A non-probationary full-time Schedule I or II employee may be eligible for a Flexible Work Arrangement. Probationary employees are not eligible for a Flexible Work Arrangement.

An employee will not be granted a Flexible Work Arrangement unless their prior performance has demonstrated the skills and qualities necessary to succeed in the proposed Flexible Work Arrangement.

Request and Approval

The employee initiates a request for a Flexible Work Arrangement by submitting a proposal to the department head. Department heads shall approve or deny a Flexible Work Arrangement request. Department heads are responsible for consulting with the employee's immediate supervisor when considering a Flexible Work Arrangement request.

The primary criterion for a department head determining if a Flexible Work Arrangement is appropriate is if it meets the business needs of the city. Eligibility varies for different types of arrangements, and some alternatives may not be appropriate for particular jobs and office necessities. Operational needs, staffing patterns, space considerations, and health and safety issues may prevent granting a Flexible Work Arrangement request.

A department head may limit the number of Flexible Work Arrangements in a workgroup in order to ensure effective operation of city business. A department head may limit or suspend a Flexible Work Arrangement during periods of high demand on city staff, such as seasonally or during other peak busy periods.

City of Apple Valley Personnel Policy Manual

A Flexible Work Arrangement shall be initiated on a trial basis, and may be discontinued at any time at the request of the employee or department head. Reasonable notice of discontinuation will be given when possible. The city reserves the right to suspend or discontinue the arrangement immediately in case of unanticipated circumstances regarding employee performance or operational needs.

The employee must be willing and able to alternate work hours as requested by the city to attend to operational needs. There may be times when the employee is required to work or travel outside of scheduled work hours.

Flexible Work Arrangements are at the sole discretion of the city. The city's Employment Complaint Resolution policy does not apply to decisions regarding Flexible Work Arrangement requests.

If the employee and department head agree to a Flexible Work Arrangement, they shall document and sign an agreement describing the Flexible Work Arrangement. Agreements shall be time-specific with a date for review and reconsideration. Modifications and renewals shall be documented appropriately. The original agreement and any modifications or renewals shall be submitted to Human Resources and will be maintained in the employee's personnel file, with a copy to the employee and the department head.

Flexible Work Arrangement Options

- 1) Compressed Workweek. An arrangement which condenses the standard workweek of five 8-hour days into fewer, longer days.
- 2) Flextime. An arrangement that allows an employee to alter the starting and/or ending time of the 8-hour workday. Core hours when the employee must be at the worksite are generally required. The core period may vary depending upon the requirements of the position and the operational needs of the department.

Under either option above, the employee will have 40 scheduled work hours each workweek. A Flexible Work Arrangement shall not cause the employee's regularly scheduled hours to exceed 40 per workweek.

Overtime

A non-exempt employee who is participating in a Flexible Work Arrangement shall be eligible for overtime or compensatory time for hours actually worked in excess of 40 per workweek, not including paid leave hours. The employee will not be eligible for overtime or compensatory time for hours worked outside their regularly scheduled workday, unless such hours cause the employee to exceed 40 hours actually worked in the workweek.

Holidays

Paid holiday leave for an eligible full-time employee pursuant to the city's policy is paid in the amount of eight hours of holiday leave for a city-designated holiday, including for an employee who is participating in a Flexible Work Arrangement.

An employee who is participating in a compressed workweek arrangement shall revert to a schedule of five 8-hour days during any week in which a city-designated holiday occurs.

3.3 Time Reporting

In compliance with statute and for accountability to the public, employees must accurately record and report hours worked for payroll purposes.

This policy does not apply to Elected Officials.

POLICY

Non-exempt employees are expected to work the number of hours per week as established for their position. They will be paid according to the time reported on their time sheets.

To comply with the provisions of the federal and state Fair Labor Standards Acts, hours worked and any leave time used by non-exempt employees are to be recorded daily and submitted to payroll on a bi-weekly basis. Each time reporting form must include the acknowledgement of the employee and approval of the immediate supervisor.

Knowingly reporting false information on a time sheet may be cause for immediate termination.

3.4 Compensation

In addition to all employees, this policy applies to firefighters.

POLICY

Employees of the city will be compensated according to schedules adopted by the City Council. Unless approved by the City Council, employees will not receive any amount from the city in addition to the pay authorized for the positions to which they have been appointed. Expense reimbursement or travel expenses may be authorized in addition to regular pay.

An employee's actual gross salary and salary range are public personnel data under the Minnesota Government Data Practices Act.

In accordance with the Minnesota Wage Disclosure Protection Law, employees have the right to tell any person the amount of their own wages.

The city will not:

- Require nondisclosure by an employee of his or her wages as a condition of employment.
- Require an employee to sign a waiver or other document which purports to deny an employee the right to disclose the employee's wages.
- Take any adverse employment action against an employee for disclosing the employee's own wages or discussing another employee's wages which have been disclosed voluntarily.
- Retaliate against an employee for asserting rights or remedies under the Wage Disclosure Protection Law.

3.5 Payroll Direct Deposit

In addition to all employees, this policy applies to firefighters.

Direct deposit of payroll checks supports the city's efforts to gain efficiencies, reduce the cost of processing checks, and enhance fraud protection. Direct deposit benefits employees by providing a safe, convenient, and confidential way to transfer funds directly into an employee's checking and/or savings account at multiple financial institutions.

POLICY

As provided for in Minnesota Statute, the City of Apple Valley requires direct deposit for all employees paid by the payroll system.

All employees are required to have their payroll checks directly deposited into a banking account of their choice.

Employees must complete a Direct Deposit Enrollment Form to indicate the type of account, bank name, and other information necessary to complete the direct deposit transaction.

PROCEDURES

Employees complete a direct deposit authorization/change form. A pre-notification is sent to the employee's financial institution(s) to ensure routing and account numbers are correct before an actual deposit is made into the account(s). This process takes one pay period to complete, with the deposit being made on the following pay period.

City of Apple Valley Personnel Policy Manual

If the City of Apple Valley inadvertently deposits funds into an employee's account to which the employee is not entitled, a reversal of the direct deposit will be recovered from the account as soon as practicable. The employee will be notified prior to recovering any funds. If the funds cannot be recovered through the Automated Clearing House (ACH), the employee will be responsible for returning the funds to the city within three business days from the event.

3.6 Tip Income

The City of Apple Valley allows non-exempt employees in Food and Beverage service at Valleywood Golf Course to receive tips from the public they serve. This program is intended to supplement the income of the Food and Beverage staff by recognizing the service they provide.

POLICY

Eligibility

A non-exempt employee performing duties in Food and Beverage service at Valleywood Golf Course shall be eligible to receive tips. All other employees are prohibited from accepting gratuities.

In order to receive tip income, the eligible employee must complete the City of Apple Valley Tip Income Agreement, which will be retained in the employee's personnel file. An employee shall not accept tips or gratuities until the City of Apple Valley Tip Income Agreement is completed.

An employee who receives tip income shall comply with all provisions of reimbursement and reporting requirements as described in the Procedures section of this policy.

Any employee who does not comply with the requirements of this policy or who falsifies information contained in the reports may be subject to discipline, up to and including termination of employment.

PROCEDURES

Reimbursement

All cash tips received shall be entered into the point-of-sale system each day by the employee when they clock out of the system. These tips will appear on the employee's paycheck as non-cash earnings, and the appropriate taxes will be withheld.

A manager or supervisor will give any tips paid via check to the employee at the end of their shift directly from the funds in the cash register. Tips paid via check shall be entered into the point-of-sale system each day by the employee. These tips will appear on the employee's paycheck as non-cash earnings, and the appropriate taxes will be withheld.

Tips specified on a debit/credit card receipt must be entered into the point-of-sale system at the time of the transaction by the employee. These tips will be paid to the employee on their following paycheck, with the appropriate taxes withheld.

Reporting Requirement

All cash and credit/debit card tips shall be entered into the register system on a daily basis. This is the method utilized to capture tip income for each employee.

At the end of each bi-weekly pay period, an Activity Details report is generated from the register system which recaps the "Non-cash" (credit/debit card) and "Declared" (cash) tips. These tips are entered into the payroll system and appear as earnings on the employee's check.

A copy of the monthly point-of-sale report will be provided to the employee, and should be kept with their records for tax purposes.

A copy of the monthly point-of-sale report shall be signed by the employee and sent to payroll by the 10th of following month.

City of Apple Valley Personnel Policy Manual

The tips reported above will be shown on the employee's W-2 statement as income at year end.

3.7 Personnel Data Practices

In addition to all city employees, this policy applies to firefighters, volunteers, contractors, and applicants for employment.

Individuals have the right to know what personnel data is retained, where it is kept, and how it is used.

POLICY

All employee data will be received, retained, and disseminated according to the Minnesota Government Data Practices Act. Employee records are maintained in a location designated by the Human Resources Manager. Personnel data may be retained in personnel, background investigation, benefit, and medical files. Information is used to administer employee salary and benefit programs, process payroll, complete state and federal reports, document employee performance, etc.

Employee Data

Personnel data is generally private. However, in most cases, the following personnel data on current and former employees, volunteers, and contractors of a government entity is public and must be provided to any person or entity requesting the data:

- (1) name; employee identification number, which must not be the employee's Social Security number; actual gross salary; salary range; terms and conditions of employment relationship; contract fees; actual gross pension; the value and nature of employer paid fringe benefits; and the basis for and the amount of any added remuneration, including expense reimbursement, in addition to salary;
- (2) job title and bargaining unit; job description; education and training background; and previous work experience;
- (3) date of first and last employment;
- (4) the existence and status of any complaints or charges against the employee, regardless of whether the complaint or charge resulted in a disciplinary action;
- (5) the final disposition of any disciplinary action together with the specific reasons for the action and data documenting the basis of the action;
- (6) the complete terms of any agreement settling any dispute arising out of an employment relationship;
- (7) work location; a work telephone number; badge number; work-related continuing education; and honors and awards received; and
- (8) payroll time sheets or other comparable data that are only used to account for employee's work time for payroll purposes.

The above list is not exhaustive.

Private personnel data may be released to the subject of the data, people who have permission from the subject of the data; city employees whose job assignments reasonably require access to the data; individuals who have obtained a court order for the information; and any other person or entity authorized by state or federal law.

Applicant data

In most cases, the following personnel data on current and former applicants for employment by a government entity is public: veteran status; relevant test scores; rank on eligible list; job history; education and training; and work availability.

City of Apple Valley Personnel Policy Manual

Names of applicants shall be private data except when certified as eligible for appointment to a vacancy or when applicants are considered by the appointing authority to be finalists for a position in public employment. "Finalist" means an individual who is selected to be interviewed by the appointing authority prior to selection.

3.8 Group Insurance Benefits

Full-time employees and elected officials are eligible to receive certain city provided group insurance benefits as determined and approved by the City Council.

The information in this section is intended to provide employees with a general overview of city benefits. The City of Apple Valley's benefit package is periodically reviewed and updated.

POLICY

Group Insurance

The selection of carriers and determination of benefits for employee group insurance plans shall be at the sole discretion of the city except as provided by law. The city determines by separate resolution any amount of city contribution toward the cost of such insurance. Any additional costs of insurance in excess of the amount provided by the city shall be payable by the employee via payroll deduction.

Eligibility and Effective Dates

Eligibility and effective dates for group insurance and benefits are determined by the appropriate plan document or applicable administrative policy.

In accordance with federal health care laws and regulations, the city will offer health insurance benefits to eligible employees and their dependents, if the employee is defined as full-time by the applicable federal health care law. In order to comply with health care law while avoiding penalties, part-time employees will be scheduled with business needs and in a manner that ensures positions retain part-time status as intended.

If there are any differences between benefits as described in this policy or any benefits summary, and the legal plan documents or contracts, the plan documents or contracts shall govern.

3.9 Public Employees Retirement Association (PERA)

POLICY

Public Employees Retirement Association (PERA) provides pension benefits for eligible employees.

Participation in PERA, contribution rates, vesting, and benefits are mandated by state law. For most employees, contributions into PERA begin immediately. The city and the employee contribute to PERA each pay period as determined by state law. Most employees are also required to contribute a portion of each pay check for Social Security and Medicare, and the city matches the employee's Social Security and Medicare withholding.

3.10 Injured on Duty

In addition to city employees, this policy applies to firefighters and volunteers.

This policy establishes a process for the reporting of injuries and payment of lost wages for employees injured on duty.

POLICY

An employee injured on the job shall immediately notify an appropriate supervisor. If the injury requires attention by a medical doctor, the employee is required to seek medical attention.

City of Apple Valley Personnel Policy Manual

Workers' Compensation insurance may reimburse an employee for a portion of the regularly scheduled work hours when unable to work for three days or more.

Injury on Duty Pay

A full-time employee who is, in the ordinary course of employment, while acting in a reasonable and prudent manner and in compliance with established rules and procedures of the employer, injured during the performance of the employee's duties and thereby unable to work, shall be paid the difference between the employee's regular pay and the Workers' Compensation insurance payments for a period not to exceed 720 scheduled working hours per injury, not charged to the employee's leave or other accumulated paid benefits, after a 24 scheduled working hour initial waiting period per injury. The 24 hour scheduled working hour waiting period shall be charged to the employee's leave account less Workers' Compensation insurance payments, if any, for said 24 scheduled working hour period.

Any injury that does not result in compensation under the workers' compensation law shall not be compensable in accordance with this policy.

An eligible full-time employee who is unable to work and who has exhausted the 720 scheduled working hours eligibility period for Injury on Duty Pay may draw from the employee's accumulated paid leave for that fraction of their scheduled day(s) not covered by worker's compensation wage loss benefits.

In no instance shall the total amount of monies received by an employee exceed the employee's current base rate of pay.

PROCEDURES

In case of an emergency or urgently needed medical care, call 911 or seek care immediately.

Employees must report all accidents and injuries to their supervisors immediately, no matter how small or insignificant an injury appears to be. The supervisor will provide the injured employee with a CorVel ID Card and Certified Managed Care Instruction Brochure. If medical care is needed, the injured employee must call the CorVel Access Line to obtain an appointment with an approved provider. If the injury requires urgent or emergency attention by a medical doctor, seek immediate medical attention.

The employee should present the CorVel ID Card to the medical provider when they begin treatment.

The Supervisor's Report of Accident or Injury must be completed and forwarded to Human Resources immediately. If additional or ongoing medical care is necessary, employees will need to work with CorVel and the Worker's Compensation Insurance Carrier for approval of procedures.

The report of injury must be reported to the insurance carrier within three days of the injury or illness. Human Resources is responsible for reporting to the insurance carrier. Supervisors are responsible for reporting immediately to Human Resources.

3.11 Temporary Modified Duty

This policy does not apply to casual employees and elected officials.

This policy establishes guidelines for the assignment of alternate duty work on a temporary basis for an employee who is unable to perform his/her regular duties due to a temporary medical condition.

POLICY

A full-time or part-time regular employee may be eligible for a temporary modified duty assignment if he or she has a temporary medically certified condition which restricts performance of regular duties and from which recovery appears to be certain and timely. The condition must be diagnosed and certified by a licensed physician, in writing, clearly stating the medical restrictions and when the employee will be able to return to regular duties.

The determination regarding the need for and availability of temporary modified duty work is under the sole discretion of the City Administrator or designee. Assignment of temporary modified duty is determined and reviewed on an individual case by case basis.

The department in which the individual is temporarily assigned must have a need for a service that the employee can provide within their skill level, experience, knowledge and abilities. Work assignments and work schedules shall be determined by the supervisor in accordance with the need for service. The temporary duty may or may not be full-time.

The employee's temporary modified duty assignment may continue until the employee is able to return to their regular duties or until the need for the alternative duty work ceases or up to a maximum of 90 days, whichever occurs first. An extension of up to 90 days may be granted at the discretion of the City Administrator or designee.

The circumstances of each employee performing temporary modified duty work will be reviewed every 30 days or as needed to determine needs for service, continued qualification and the need for such temporary modified duty.

Temporary duty assignments for employees unable to perform the essential functions of their job may be withdrawn at the time it is determined by medical authority that the employee is unable to return to the employee's former regular position.

This policy shall not be construed or interpreted to mean that any employee has a right to a temporary modified duty assignment nor that the city is compelled to assign an individual to temporary modified duty status.

Whenever an employee is unable to perform his/her regular duties due to a temporary medically certified condition, the employee shall notify his/her immediate supervisor, in writing, as to the nature and extent of the condition and the reason why he/she is unable to perform the job duties. This notice must be accompanied by a physician's report containing diagnosis, current treatment, any work restrictions related to the condition, and the expected date of return to regular duties. The city may require an independent evaluation conducted by a physician selected by the city to verify diagnosis, current treatment, and expected length of condition and work restrictions.

3.12 Employee Recognition

This policy applies to full-time and part-time regular employees and volunteers.

POLICY

The City Administrator or designee may establish a program to recognize employee service to the city and reward milestone years of service for regular employees and volunteers.

Service Recognition Event

The city may hold an annual event to recognize employee service to the city. All employees covered by this policy, and recent retirees, may be invited to the event. If the invitation includes a non-employee guest, the non-employee guest shall be charged a reasonable fee to attend the event.

Service Recognition Awards

Full-time employees and part-time regular employees who earn annual leave are eligible for an employee service award after milestone years of continuous eligible service to the city.

The City Administrator or designee may determine the recognized milestone years of service and appropriate awards.

For purposes of an employee service award, eligible service shall be based on calendar years of continuous service from the first date an employee began earning annual leave. An employee rehired following separation from employment will not receive credit for prior periods of employment.

Retirement Celebrations

To celebrate the service of an employee covered by this policy upon their retirement, the City Administrator or designee may authorize a commemorative gift for presentation to the retiree.

The city may pay reasonable costs for refreshments at an employee gathering in honor of the retiree upon their retirement, when approved in advance by the department head.

DEFINITIONS

When used in this section, the following terms shall have these meanings ascribed to them, unless otherwise noted.

Retiree. A full-time or part-time regular employee leaving employment with the city in good standing, who meets the age and service requirements to draw a retirement pension benefit from Public Employees Retirement Association.

3.13 Performance Reviews

This policy does not apply to elected officials.

The City of Apple Valley's performance review policy encourages regular performance feedback and goal-setting in order to:

- Motivate employees and supervisors
- Guide employees toward what needs to be done to refine their job skills
- Identify training and development opportunities
- Assist in making staffing and compensation decisions
- Provide quality communication time between employees and supervisors
- Improve performance of the individual and the City of Apple Valley

POLICY

An objective performance review system will be established by the City Administrator or designee for the purpose of periodically evaluating the performance of city employees. The quality of an employee's past performance will be considered in personnel decisions such as promotions, transfers, demotions, terminations and, where applicable, salary adjustments.

Performance reviews will be discussed with the employee. While certain components of a performance evaluation, such as disputed facts reported to be incomplete or inaccurate are challengeable using the city's employment complaint resolution process, other performance evaluation data, including subjective assessments, are not. For those parts of the performance evaluation system deemed not challengeable, an employee may submit a written response, which will be attached to the performance review.

Signing of the performance review document by the employee acknowledges the review has been discussed with the supervisor and does not necessarily constitute agreement. Failure to sign the document by the employee will not delay processing. The completed document will be retained as part of the employee's personnel file.

Schedule

Each full-time and part-time regular employee must have a current (within the preceding 12 months) performance review completed and on file by April 15th of each year.

During a probationary period, informal performance meetings should occur frequently between the supervisor and the employee. Conducting these informal performance meetings provides both the supervisor and the employee the opportunity to discuss what is expected, what is going well and not so well. The employee should have a formal review completed by the end of the probationary period.

A department head may establish a performance review program and schedules for casual employees in their department.

3.14 Employment Complaint Resolution

Employees have a right to be heard relative to concerns or complaints pertaining to employment. This policy provides a process and options for employees seeking resolution of a work related concern.

This policy does not apply to elected officials.

POLICY

If a complaint alleges a violation of the terms of a collective bargaining agreement, such complaint must be pursued as a grievance, rather than a complaint under this policy.

If a complaint alleges a violation of the Discrimination and Harassment policy, such complaint must be pursued under the Discrimination and Harassment policy.

Penalty or retaliation against an employee who initiates issue resolution, makes a complaint, or participates in a problem resolution review will not be tolerated and will be subject to disciplinary action up to and including termination.

Employees may choose to utilize the resources provided through the Employee Assistance Program (EAP), recognizing the confidential EAP does not constitute a report to or knowledge on the part of the city.

The following steps shall be utilized to facilitate an orderly process for allowing an employee's concerns to be heard.

1. Immediate Supervisor

Employees who are experiencing a work related conflict or have a complaint are encouraged to resolve it directly through discussions with the subject of the concern. In some situations, this may be difficult or inappropriate. In these cases, the employee should discuss the matter with his/her supervisor in an attempt to resolve the concern.

If the employee is not satisfied with the results, the employee may file a complaint with the department head.

2. Department Head

Employees who have a complaint requiring department head management intervention in relation to a work related issue should prepare written documentation, with supporting details, of the conflict situation or complaint and submit it to the department head.

Please note: Written documentation is not required in order for the complaint to be made; however, it is strongly encouraged to allow the city to best understand the issues involved and take appropriate action.

Upon receipt of the written complaint, the department head, or designee, shall meet with the employee in a timely manner to hear and consider the employee's complaint and shall issue a written response to the employee in a timely manner.

The department head, or designee, shall take steps to investigate the employee's complaint and take necessary actions, such as:

1. Take action appropriate to the authority of the department head, or designee, to resolve the employee complaint; or

City of Apple Valley Personnel Policy Manual

2. Inform the complainant it is the conclusion of the department head, or designee, that the complaint provides no basis for city action.

3. Administrative Level

If the employee is not satisfied with the resolution provided at the department head level or with the progress of the issue resolution process, the employee may submit the issue to the City Administrator, or designee, for review.

The City Administrator, or designee, shall review as necessary, and issue a written statement of disposition of the issue in a timely manner. The decision of the City Administrator shall be final.

Human Resources may participate at any stage of the complaint process to assist in facilitating resolution.

3.15 Discipline

The objective of this policy is to establish a standard disciplinary process for employees of the City of Apple Valley. City employees will be subject to disciplinary action for failure to fulfill their duties and responsibilities at the level required, including observance of work rules and standards of conduct and applicable city policies.

This policy does not apply to elected officials.

POLICY

Discipline will be administered in a non-discriminatory manner. The supervisor and/or other city official will investigate any allegation on which disciplinary action might be based before any disciplinary action is taken.

The city will discipline, suspend, demote, or discharge full-time and part-time regular employees for just cause only. The following are deemed appropriate forms of discipline; however, the level and order of discipline shall be at the discretion of the city, based upon the nature of the infraction:

- (1) Verbal reprimand and warning;
- (2) Written reprimand;
- (3) Suspension without pay;
- (4) Demotion; or
- (5) Discharge.

Written reprimands, suspensions, demotions, and discharge shall be issued in written notice to the employee.

Verbal and written reprimands may be carried out by the appropriate supervisor, with approval of the department head. Additionally, a supervisor may temporarily relieve an employee of duties for the remainder of a shift or work assignment with pay.

Suspension without pay, demotion, and discharge may be carried out by the City Administrator, or designee. The City Council shall take final action relative to the discharge of an employee.

Except as provided by a collective bargaining agreement or otherwise prohibited by law, casual employment with the city is "at-will." The city has the right to terminate any casual employee at any time for any or no reason, with or without cause.

A department shall provide a copy to Human Resources of any discipline issued to an employee.

3.16 Reasonable Unpaid Break Time for Nursing Mothers

In addition to city employees, this policy applies to firefighters.

City of Apple Valley Personnel Policy Manual

POLICY

In compliance with Minnesota statute and the amended Fair Labor Standards Act, and to ease the transition of mothers returning to work following the birth of a child, the City of Apple Valley will provide a nursing mother with reasonable unpaid break time to express breast milk during the work day.

The break time must, if possible, run concurrently with any break time already provided to the employee. The break time must not unduly disrupt the operations of the city.

The city will provide a room or other location in close proximity to the work area, where the employee can express her milk in privacy. The location will be a place, other than a bathroom, that is shielded from view and free from intrusion from co-workers and the public.

Breaks to express breast milk will not be paid. Employees may use normal break and lunch periods to accommodate their nursing needs. However, if the breaks needed to express breast milk exceed standard daily break time, the employee must use personal time, either in the form of accrued, unused paid leave time or an unpaid break.

PROCEDURES

An employee, who needs accommodation to express breast milk, should speak to her supervisor or Human Resources or to determine a reasonable break schedule and a suitable location for expressing breast milk.

3.17 Reasonable Accommodation to a Qualified Individual With a Disability

In addition to city employees, this policy applies to firefighters and applicants.

POLICY

In accordance with the Americans with Disabilities Act (ADA), as amended by the Americans with Disabilities Act Amendments Act (ADAAA), the city will provide reasonable accommodation to qualified individuals with disabilities who are employees or applicants for employment—unless such accommodation would cause the city an undue hardship.

Procedures

When an individual with a disability requests accommodation and can be reasonably accommodated without creating an undue hardship or causing a direct threat to workplace safety, he or she will be given the same consideration for employment as any other applicant. Applicants who pose a direct threat to the health, safety and well-being of themselves or others in the workplace when the threat cannot be eliminated by reasonable accommodation will not be hired.

The city will reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of a job, unless doing so causes a direct threat to these individuals or others in the workplace and the threat cannot be eliminated by reasonable accommodation, or if the accommodation creates an undue hardship to the city.

Requesting Accommodation

Generally, an applicant or employee must let the city know that he or she needs an adjustment or change concerning some aspect of the application process, the job, or a benefit of employment for a reason related to a medical condition.

An applicant with a disability should contact Human Resources to request an accommodation in the application process.

An employee with a disability should contact their supervisor or Human Resources to request an accommodation.

Reasonable Accommodation

A reasonable accommodation is a change in the workplace or the way things are customarily done that provides an equal employment opportunity to an individual with a disability. A reasonable accommodation enables an individual to apply for a job, perform a job, or have equal access to the workplace and employee benefits.

There is often more than one way to accommodate a situation or activity. In order for an accommodation to be considered reasonable, however, it must not:

- Compromise essential requirements of a job, activity, or facility;
- Cause an undue administrative or financial hardship;
- Compromise safety of the employee or others;
- Fundamentally alter an essential job duty.

The city will work with an individual through an interactive process to determine if an accommodation is reasonable and available. Different jobs may require different accommodations.

The city will not require an employee to take a leave or accept an accommodation, and the city shall not retaliate against an employee for requesting or obtaining accommodation.

Interactive Process

The city utilizes an interactive process for determining reasonable accommodations. The process is confidential and individualized. The city is committed to providing reasonable accommodations for employees with disabilities in a timely manner.

Determining and arranging employment accommodations is a partnership between the employee and the city (i.e., the supervisor, Human Resources, and others as needed). The individual requesting job accommodations is an active participant in an interactive process to provide reasonable accommodations that provide an equitable opportunity to engage in, while not fundamentally altering, the job duties.

Roles and Responsibilities

Employee

The employee's role in the interactive process is to discuss the impacts of his or her disability (including work restrictions), provide information and documentation on an as-needed basis, and share what disability accommodations have worked in the past.

In most situations, the employee is responsible for requesting accommodations as early as possible.

The employee is responsible to provide documentation from an appropriately qualified health or other service professional who is knowledgeable about the employee's condition. Documentation can vary in length and format, but should focus on the ways the condition currently affects the employee, especially in the work environment.

Supervisor

The supervisor's role in the interactive process is to share his or her knowledge of the essential elements of the job. It is also the supervisor's role to contact Human Resources if he or she believes that the recommended job accommodations compromise the essential requirements of a job or fundamentally alter a job.

The supervisor is responsible for contacting Human Resources when an employee requests an accommodation.

Human Resources

The role of Human Resources in the interactive process is to work with the employees and their supervisors to identify barriers to accessing the job duties or city facilities, and assist in determining reasonable accommodations that mitigate impact of the barriers, but do not fundamentally alter the essential functions of the job.

City of Apple Valley Personnel Policy Manual

3.18 Reasonable Accommodation to an Employee for Health Conditions Relating to Pregnancy

In addition to city employees, this policy applies to firefighters.

An employee must work for the city for at least 12 consecutive months immediately preceding the request and average at least 20 hours or more per week during those 12 months to be eligible.

POLICY

The city will attempt to provide a female employee who requests reasonable accommodation with the following for her health conditions related to her pregnancy or childbirth:

- More frequent restroom, food, and water breaks;
- Seating;
- Limits on lifting over 20 pounds;
- Temporary transfer to a less strenuous or hazardous position, should one be available.

Unless such accommodations impose an undue hardship on the city, the city will engage in an interactive process with respect to an employee's request for a reasonable accommodation. The city will not require an employee to take a leave or accept an accommodation, and the city shall not retaliate against an employee for requesting or obtaining accommodation under this section.

Contributions, interest and gains, and withdrawals from the Health Care Savings Plan shall be tax-free to the fullest extent possible under state and federal statute.

Authorization and Administration

The Health Care Savings Plan (HCSP) is administered by Minnesota State Retirement System (MSRS). 4: CONDUCT

4.1 Employee Conduct

In addition to city employees, this policy applies to firefighters and volunteers.

The purpose of this policy is to establish standards of conduct for city employees and provide guidance with respect to such standards. This policy shall not be construed to interfere with lawful concerted activity by employees.

POLICY

In accepting city employment, employees become representatives of the city and are responsible for assisting and serving the citizens for whom they work. An employee's primary responsibility is to serve the residents of the City of Apple Valley. Employees should exhibit conduct that is ethical, professional, responsive, and of standards becoming of a city employee. To achieve this goal, employees must adhere to established policies, rules, and procedures and follow the instructions of their supervisors. These rules of employee conduct reflect generally established and accepted principles of business, workplace, and social conduct.

General Conduct

Employees are expected to conduct themselves, both on and off duty, in a manner that promotes the public's trust and confidence in city services.

The conduct of an employee on the job shall be such that it does not bring negative public opinion on the city. All employees are expected to:

- Use available working hours to the best advantage in carrying out work-related duties.
- Perform assigned duties to the best of their ability at all times.
- Render prompt and courteous service to the public at all times.
- Read, understand, and comply with the rules and regulations as set forth in these personnel policies as well as those of their departments.
- Conduct themselves professionally toward both customers and staff, and respond to inquiries and information requests with patience and every possible courtesy.
- Report any and all unsafe conditions to the immediate supervisor.
- Maintain good attendance while meeting the goals set by the supervisor.

City of Apple Valley Personnel Policy Manual

This employee conduct policy is established to make employees aware of minimum standards of conduct which are expected of a City of Apple Valley employee. In addition to the rules of conduct set forth in this policy, employees are also expected to comply with standards and rules of conduct established in the applicable department, division, office, shop, work area, etc., and to follow common sense standards of acceptable employee behavior.

These basic rules are not an all-inclusive list. Employees are expected to use good judgment and common sense and to comply with rules of conduct which are generally accepted in a working environment.

Employees should be aware that certain types of off-duty activities may be considered misconduct. Any reports of off-duty misconduct will be reviewed on a case-by-case basis. The review will take into consideration the employee's job duties, the conduct, and the nexus between the conduct and the employment relationship.

For more information regarding city expectations relative to conduct, consult with your supervisor or Human Resources.

Attendance and Absences

Employees are required to maintain regular and reliable attendance unless absences are approved. In situations where leave is designated as Family Medical Leave, the FMLA policy shall apply.

Employees who are going to be absent from work are required to notify their supervisor as soon as possible in advance of the absence. In case of an unexpected absence, employees should contact their supervisor before the scheduled starting time. If the supervisor is not available at the time, the employee should leave a message that includes a telephone number where he/she can be reached and/or contact any other individual who was designated by the supervisor.

The employee must contact the supervisor on each day of an absence extending beyond one day unless arrangements otherwise have been made with the supervisor.

Failure to use the established reporting process will be grounds for disciplinary action. Individual departments may establish more specific reporting procedures.

An employee who is absent for three days or more and who does not report the absence in accordance with this policy, will be considered to have voluntarily resigned not in good standing. The city may waive this rule if determines that extenuating circumstances warranted such behavior.

This policy does not preclude the city from administering discipline for unexcused absences of less than three days.

For budgetary and data practices reasons, non-exempt employees are not authorized to take work home or work through break times without prior approval from their supervisor.

Availability

Employees are expected to be reasonably available for communication and for work in an emergency. The employee is responsible for notifying his or her supervisor and Human Resources of any changes to home address or phone number.

City Data Practices and Retention

Employees shall comply with all applicable city data practices and retention statutes, policies, rules, and standards.

City Property

City property is for business use only. City property, including vehicles, tools, equipment, or other resources provided to employees by the City of Apple Valley shall not be used for personal use or gain except as authorized by policy, the City Administrator or designee.

Any employee who has authorized possession of keys, tools, cell phones, tablets, laptops, or other city-owned equipment must register his/her name and the serial number (if applicable) or identifying information about the equipment with his/her supervisor. All such equipment must be turned in and accounted for by any employee leaving employment with the city in order to resign in good standing.

Employees are responsible for the safekeeping and care of all such equipment. Employees are expected to treat city property in a manner that will maintain the longevity of the item. Employees must operate all city equipment in a safe manner, and extreme care must be exercised to prevent damage. Employees are expected to leave equipment in good working condition for other staff members. Broken, damaged or defective equipment must be reported immediately to a supervisor.

Defacing, mutilating, misusing or otherwise abusing city equipment or property, or the property of others that is under the care and custody of the city, or the property or equipment of others that is used to provide services to the city is prohibited.

The duplication of keys owned by the city is prohibited unless authorized by the City Administrator or designee.

City-Owned Vehicles

Department heads will determine when it is appropriate for an employee to use city-owned vehicles. Use of city-owned vehicles is restricted to city business and incidental uses which occur in the course of city business. Incidental personal use should be during an authorized break and must not substantially alter the employee's scheduled work activities or route to/from a work site. Some departments may have additional guidelines regarding vehicle use.

Employees are expected to obey all applicable laws and policies and to operate vehicles in a manner that reduces the risk of damage to the vehicle or injury to the employee or others. Seat belts must be worn at all times, and use of cell phones and other mobile devices is limited to city business purposes when safe.

An employee involved in an accident, damage to public or private property, or damage to the assigned vehicle must immediately notify his or her supervisor.

Conflicts of Interest

It is expected that all employees will exercise good judgment in avoiding activities or situations where conflicts of interest with city business exist or could be perceived to exist.

Disturbing Others

Employees shall refrain from disturbing other employees in the performance of their work.

Dress and Appearance

Employees are expected to dress in a manner appropriate to the performance of their duties, to wear clothing that is clean and well maintained, conservative and in good taste, and to observe professional grooming and personal hygiene practices. Supervisors will determine appropriate dress standards for employees in their work groups.

Personal appearance should be appropriate to the nature of the work and contacts with other people and should present a positive image to the public.

In certain employee groups, uniforms will be required. Employees are expected to keep uniforms clean and well maintained. Employees should keep in mind that while wearing city uniforms or clothing with city logos, they are representing the city to the public even if not on duty.

Endorsement

No city employee shall endorse a product or service in their official capacity as a city employee, unless authorized by the City Council.

Falsification of Records

An employee who makes false statements or commits, or attempts to commit, fraud in an effort to prevent the impartial application of these policies will be subject to immediate disciplinary action up to and including termination and potential criminal prosecution.

Gifts and Gratuities

Employees are prohibited from accepting, requesting, or soliciting gifts or gratuities from members of the public or any interested party.

Following are instances when an employee may be allowed to accept an unsolicited gift:

- Services of insignificant monetary value.
- A trinket or memento of insignificant value.
- A plaque or similar memento recognizing individual services in a field of specialty or for a charitable cause.
- Food or beverage given at a reception, banquet meal or meeting away from the workplace provided by an organization at which the employee makes a speech or answers questions as part of a program.
- Gifts given because of the employee's membership in a group (in which a majority of group members are not officials) and an equivalent gift is given to other group members.
- Informational material of unexceptional value.

At times, employees may be approached by individuals or businesses wishing to make donations to the city. In the case of unsolicited donations, employees should refer the individual or business to the appropriate department head for consideration.

Employees seeking donations for city-sponsored programs or events must obtain permission from the City Administrator or designee before soliciting gifts on behalf of the city.

Insubordination

Employees are required to obey the directions and lawful orders of the city at all times, whether given directly by supervisors or by designee. Employees must refrain from engaging in any verbal or physical conduct towards supervisors which disrupts the city's operations or tends to undermine supervisory authority or control.

Language

Employees are expected to use professional and courteous language appropriate for the workplace.

Outside Employment

Full-time and part-time regular employees shall not engage in any other employment, activity or enterprise for private gain which interferes with the employee's ability to perform required job duties for the city or which might be construed to be a conflict of interest between the employee's regular duties with the city and the outside employment.

Full-time and part-time regular employees are required to provide a written disclosure annually to the City Administrator or designee, relative to engaging in any other employment, activity, or enterprise for private gain.

The City Administrator, or designee, may prohibit outside employment, activity, or enterprise of employees for private gain. Consideration will be given to the following conditions:

- Whether the outside activity interferes with the employee's ability to perform required job duties for the city; and

City of Apple Valley Personnel Policy Manual

- Whether private gain or advantage is realized from the use of city time, staff, facilities, equipment, supplies, or influence of city employees; and
- Whether the outside activity might be in fact, or have the appearance of, a conflict of interest with employee's regular duties as a city employee.

Personal Phone Calls and Use of Cell Phones

Personal telephone calls and use of cell phones for other than city business should be limited to necessity, must not interfere with city work, and must be completed as quickly as possible.

Supervisors may prohibit possession or use of personal cell phones by employees during work time.

Political Activities

An employee may express personal opinions on political subjects and candidates. An employee may take an active part in political management and political campaigns as long as it does not interfere with the employee's job performance or job duties and such activities occur outside working hours.

An employee may not, directly or indirectly, during working hours or on city property, solicit or receive funds for political purposes.

An employee of the city may not, at any time, use authority or official influence because of their employment to compel any person to do any of the following: apply for membership in any political organization; pay or promise to pay any assessment, subscription, or contribution for political purposes; or take part in any political activity.

Private or Confidential Information

In the performance of city business, an employee may have access to information or records that are private or confidential. Disclosure of private or confidential information shall be made only in accordance with established city policies and procedures as well as state and federal law. Employees unsure about the release of information must consult their supervisor or the City Clerk prior to releasing information.

Representation

An employee shall not represent or engage in any activity with intent to represent a city position on any issue, matter, or subject unless authorized by the City Administrator or designee.

Reporting of Injury, Illness, or Impairment

Any illness, injury, or impairment that could inhibit performance of an employee's regular duties must be immediately reported to the appropriate supervisor. An employee must immediately report all injuries sustained on the job to a supervisor regardless of the nature, cause, or seriousness.

Safety

Every effort must be made to develop and maintain a safe and healthy environment for employees and visitors. The elimination of unsafe acts, conditions and procedures with regard to city operations is of the utmost importance.

Employees must understand and follow all established safety regulations and procedures. The wearing or use of proper personal or general protective equipment is mandatory at all times.

Solicitation

Employees may solicit donations, contributions, or promote appropriate fund-raising or other activities by posting the event or item in a neutral location in the city, such as a break room or lunch room, whereby an employee may voluntarily make a donation or participate in the activity. The city reserves the right to remove such items if determined to be inappropriate conduct and/or materials without prior notification to the employee.

City of Apple Valley Personnel Policy Manual

Certain fund-raising activities may be exempted by the City Administrator or designee from this provision.

The theft, attempted theft, or unauthorized possession of any property or money belonging to the city, another employee, or any other person or entity when such property is under the care of the city is prohibited.

Work Performance

Employees are expected to perform assigned work in a conscientious and efficient manner to the satisfaction of their supervisor. Delaying, interfering with, or hindering productivity is prohibited.

DEFINITIONS

When used in this section, the following terms shall have these meanings ascribed to them, unless otherwise noted.

Interested Party. A person or representative of a person or association who has a financial interest in a decision an employee is authorized to make.

4.2 Discrimination and Harassment

In addition to all city employees, this policy applies to firefighters and volunteers.

The City of Apple Valley will provide a work environment free from unlawful discrimination and harassment based on protected class status as defined in the policy below. The city is committed to addressing all incidents of conduct or communication in violation of this policy.

POLICY

The City of Apple Valley will not tolerate any individual engaging in verbal, written, physical, or other conduct or communication which has the purpose or effect of substantially interfering with a person's employment, or which creates an intimidating, hostile, or offensive work environment because of a person's protected class status including race, color, creed, religion, national origin, ancestry, sex, sexual orientation, gender identity, or gender expression, disability, age, marital status, genetic information, status with regard to public assistance, veteran status, familial status, membership on a local human rights commission, lawful participation in the Minnesota Medical Cannabis Patient Registry, or any other status protected by law.

Harassment is generally defined as unwelcome or offensive verbal, written, physical or other conduct or communication toward an individual because of protected class status. Harassment may occur when:

- (1) Submission to such conduct or communication is either explicitly or implicitly made a term or condition of employment;
- (2) Submission to or rejection of such conduct or communication by an individual is used as a factor in decisions affecting that individual's employment such as promotion, assignment, demotion, discipline, or discharge; or
- (3) Such conduct or communication has the purpose or effect of substantially interfering with an individual's employment, or creating an intimidating, hostile or offensive working environment.

Depending on the circumstances, harassment may include, but is not limited to:

- (1) Verbal harassment (e.g., certain unwelcome epithets, slurs, negative stereotyping, jokes, pranks or other threatening, intimidating, hostile or offensive acts because of protected class status) whether delivered in person, through voicemail, or other electronic means;

City of Apple Valley Personnel Policy Manual

(2) Written harassment (e.g., using, displaying or circulating certain unwelcome poems, letters, cartoons, or other visual or physical renderings that denigrate or show hostility or aversion toward an individual or group because of protected class status) whether delivered by paper, email, texting, or other electronic means;

(3) Physical harassment (e.g., certain unwelcome gestures, impeding movement or other threatening, intimidating, hostile or offensive contact that is directed toward an individual because of protected class status).

Sexual Harassment. In the case of sexual harassment, no employee shall threaten or insinuate, either explicitly or implicitly, that an employee's refusal to submit to unwanted sexual advances will adversely affect the individual's employment including, but not limited to, performance evaluation, wages, advancement, assignment, duties or any other condition of employment or career development. Sexual harassment includes, but is not limited to: unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact, such as repeated offensive sexual flirtation, advances or propositions, unrequested touching, continual or repeated verbal abuse of a sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words, overly personal words or conduct, and the display in the workplace of sexually explicit objects. Sexual harassment can occur between members of the same sex, and the victim as well as the harasser may be a woman or a man.

The harasser may be a coworker or a manager in an employee's work unit or another unit, or someone who is not an employee who is encountered in the course of work for the City of Apple Valley.

The city will determine whether particular conduct violates this policy by assessing the totality of the circumstances on a case-by-case basis. Conduct in violation of this policy or other inappropriate conduct may result in disciplinary action, and could include immediate termination of employment.

Employee Responsibility. Employees must conduct themselves in accordance with this policy. An employee who experiences conduct or communication in violation of this policy should, whenever possible, directly inform the offending individual that the conduct is unwelcome, offensive, or improper and must stop. If the employee feels uncomfortable approaching the offending individual or if the conduct continues, the employee must inform their direct supervisor, department head, Human Resources, or the City Administrator. Likewise, an employee who suspects that conduct or communication in violation of this policy is occurring at the city must immediately contact their direct supervisor, department head, Human Resources, or the City Administrator.

Supervisor Responsibility. All supervisors must conduct themselves in accordance with this policy. Each supervisor is responsible for ensuring that employees comply with this policy.

A supervisor who receives a complaint, or knows or has reason to believe that conduct or communication which may be in violation of this policy is occurring, must notify Human Resources or the City Administrator within two business days. A supervisor must act upon such a report even if requested otherwise by the victim.

Confidentiality. Complaints of discrimination, harassment, or other unlawful employment practices will be kept confidential to the extent possible consistent with the law and the city's need to investigate the matter. However, a person reporting or witnessing a violation of this policy cannot be guaranteed anonymity. The person's name and statements may have to be provided to the alleged offender. All complaints and investigative materials will be contained in a file separate from the involved employees' personnel files. If disciplinary action does result from the investigation, the results of the disciplinary action will then become a part of the employee(s) personnel file(s). Employees must keep all information regarding an internal Discrimination/Harassment complaint investigation confidential consistent with the law.

Retaliation. Retaliation against a person who complains in good faith of a violation of this policy or participates in good faith in an investigation under this policy is prohibited. If the city finds that retaliation has occurred, individuals who engaged in the retaliatory behavior may be subject to discipline up to and including termination, regardless of whether the original complaint is substantiated. (*Refer also to Investigations Policy*)

PROCEDURES

Internal Complaint Procedure and Investigation:

(1) Any employee who believes that they have been subjected to conduct or communication in violation of this policy must immediately notify their supervisor, manager, department head, Human Resources or the City Administrator. To allow the city to best understand the issues involved, each person making a complaint is strongly encouraged to complete a written Complaint Form.

A department head, manager, or supervisor who receives a complaint shall notify Human Resources or the City Administrator within two business days.

(2) Human Resources, the City Administrator, or designee will proceed with a formal or informal investigation and resolution process. The city will take steps to address the situation quickly and effectively.

(3) At the conclusion of the investigation, the city will notify the complainant and any other person who has a need to know of the disposition of the complaint in accordance with the law.

Review. If the employee is not satisfied with the resolution or with the progress of the complaint process, or if the employee is not comfortable submitting a complaint to Human Resources or the City Administrator, the employee may submit the complaint to the City Attorney's Office for review. The City Attorney's Office or designee, shall review as necessary, and issue a written statement of disposition in a timely manner.

Coordination with Statute. The city is not voluntarily engaging in a dispute resolution process within the meaning of Minn. Stat. § 363A.28, subd. 3(b) by adopting and enforcing this workplace policy. The filing of a complaint under this policy and any subsequent investigation does not suspend the one-year statute of limitations under the Minnesota Human Rights Act for bringing a civil action or for filing a charge with the Commissioner of Human Rights.

RELATED INFORMATION

This policy will be published yearly through internal city communications and shall be posted at each of the city's locations.

This policy, as well as the Employee Internal Discrimination/Harassment Complaint Form, shall be available to employees from their supervisor and Human Resources.

4.3 Respectful Workplace

In addition to all city employees, this policy applies to firefighters and volunteers.

Maintaining a respectful work environment is a shared responsibility. The intent of this policy is to provide general guidelines about the conduct that is and is not appropriate in the workplace. The city acknowledges that this policy cannot possibly predict all situations that might arise, and also recognizes that some employees are exposed to disrespectful behavior, and even violence, by the nature of their jobs.

POLICY

Types of Disrespectful Behavior

The following types of behaviors are disruptive, unacceptable, and prohibited in the workplace and are, in many instances, unlawful:

Violent behavior. Includes the use or threat of physical force, harassment, bullying, or intimidation.

(Refer also to Workplace Violence Prevention Policy)

Discriminatory behavior. Includes inappropriate remarks or conduct related to a person's race, color, creed, religion, national origin, ancestry, sex, sexual orientation, gender identity, or gender expression, disability, age, marital status, genetic information, status with regard to public assistance, veteran status, familial status, membership on a local human rights commission, lawful participation in the Minnesota Medical Cannabis Patient Registry, or any other status protected by law.

(Refer also to Discrimination and Harassment Policy)

Offensive behavior. May include such actions as: rudeness; angry outbursts; inappropriate humor; vulgar obscenities; name calling; foul or disparaging language; gossip; asking personal or prying questions; condescending or short tone of voice; eye rolling; sarcastic comments; undermining or impeding a person's work; withholding necessary information; tampering with a person's personal belongings or work equipment; or any other behavior regarded as offensive to a reasonable person based upon violent or discriminatory behavior as listed above.

It is not possible to anticipate in this policy every example of offensive behavior. Accordingly, employees are encouraged to discuss with their fellow employees and supervisor what is regarded as offensive, taking into account the sensibilities of employees and the possibility of public reaction.

Although the standard for how employees treat each other and the general public will be the same throughout the city, there may be differences between work groups about what is appropriate in other circumstances unique to a work group. If an employee is unsure whether a particular behavior is appropriate, the employee should request clarification from their supervisor, department head, Human Resources, or the City Administrator.

Abusive Customer Behavior. While the city has a strong commitment to customer service, the city does not expect that employees accept verbal abuse from any customer. An employee may request that a supervisor intervene when a customer is abusive, or they may defuse the situation themselves, including ending the contact.

If there is a concern over the possibility of physical violence, a supervisor should be contacted immediately. When extreme conditions dictate, 911 may be called. Employees should leave the area immediately when violence is imminent unless their duties require them to remain. Employees must notify their supervisor about the incident as soon as possible.

Sexual harassment. Can consist of a wide range of unwanted and unwelcome sexually directed behavior such as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

Sexual harassment includes, but is not limited to, the following:

- Unwelcome or unwanted sexual advances. This means stalking, patting, pinching, brushing up against, hugging, cornering, kissing, fondling or any other similar physical contact considered unacceptable by another individual.
- Verbal or written abuse, kidding, or comments that are sexually-oriented and considered unacceptable by another individual. This includes comments about an individual's body or appearance where such comments go beyond mere courtesy, telling "dirty jokes" or any other tasteless, sexually oriented comments, innuendos or actions that offend others.
- Requests or demands for sexual favors. This includes subtle or obvious expectations, pressures, or requests for any type of sexual favor, along with an implied or specific promise of favorable treatment (or negative consequence) concerning one's current or future job.

(Refer also to Discrimination and Harassment Policy)

Employee Response to Disrespectful Workplace Behavior

Employees who believe that disrespectful behavior is occurring are encouraged to deal with the situation in one of the ways listed below.

Step 1(a). Politely, but firmly, tell whoever is engaging in the disrespectful behavior how you feel about their actions. Politely request the person to stop the behavior because you feel intimidated, offended, or uncomfortable. If practical, bring a witness with you for this discussion.

Step 1(b). If you fear adverse consequences could result from telling the offender or if the matter is not resolved by direct contact, go to your supervisor, Human Resources, or the City Administrator.

Step 1(c). Any employee who observes violent behavior, sexual harassment, or discriminatory behavior, or receives any reliable information about such conduct, must immediately report it to a supervisor, Human Resources, or the City Administrator. *(Refer to Discrimination and Harassment Policy).*

Step 2. If, after what is considered to be a reasonable length of time (for example, 30 days), you believe inadequate action is being taken to resolve your complaint/concern, the next step is to report the incident to Human Resources or the City Administrator.

Supervisor's Response to Allegations of Disrespectful Workplace Behavior

Employees who have a complaint of disrespectful workplace behavior will be taken seriously.

In the case of sexual harassment or discriminatory behavior, a supervisor must report the allegations within two business days to Human Resources or the City Administrator. A supervisor must act upon such a report even if requested otherwise by the victim (*Refer to Discrimination and Harassment Policy*).

In situations other than sexual harassment and discriminatory behavior, supervisors will use the following guidelines when an allegation is reported:

Step 1. If the nature of the allegations and the wishes of the victim warrant a simple intervention, the supervisor may choose to handle the matter informally. The supervisor may conduct a coaching session with the offender, explaining the impact of his/her actions and requiring that the conduct not reoccur. This approach is particularly appropriate when there is some ambiguity about whether the conduct was disrespectful.

Step 2. If a formal investigation is warranted, the individual alleging a violation of this policy will be interviewed to discuss the nature of the allegations. The investigator will obtain the following description of the incident, including date, time and place: 1) corroborating evidence, 2) a list of witnesses, and 3) identification of the offender.

Step 3. The supervisor must notify Human Resources or the City Administrator about the allegations.

Step 4. As soon as practical after receiving the written or verbal complaint, the alleged policy violator will be informed of the allegations. The alleged violator will have the opportunity to answer questions and respond to the allegations.

Step 5. After adequate investigation and consultation with the appropriate personnel, a decision will be made regarding whether or not disciplinary action will be taken.

Step 6. The alleged violator and complainant will be advised of the findings and conclusions as soon as practicable.

Special Reporting Requirements

When the supervisor is perceived to be the cause of a disrespectful workplace behavior incident, a report will be made to Human Resources or the City Administrator who will assume the responsibility for investigation and discipline.

If the City Administrator is perceived to be the cause of a disrespectful workplace behavior incident, a report will be made to the City Attorney's Office. The City Attorney's Office or designee shall review as necessary and issue a written statement of disposition in a timely manner.

Pending completion of an investigation, the City Administrator may at his/her discretion take appropriate action to protect the alleged victim, other employees, or citizens.

Confidentiality. Complaints of disrespectful workplace conduct will be kept confidential to the extent possible consistent with the law and the city's need to investigate the matter. However, a person reporting or witnessing a violation of this policy cannot be guaranteed anonymity. The person's name and statements may have to be provided to the alleged offender. All complaints and investigative materials will be contained in a file separate from the involved employees' personnel files. If disciplinary action does result from the investigation, the results of the disciplinary action will then become a part of the employee(s) personnel file(s). Employees must keep all information regarding an internal complaint investigation confidential consistent with the law.

Retaliation. Retaliation against a person who complains in good faith of a violation of this policy or participates in good faith in an investigation under this policy is prohibited. If the city finds that retaliation has occurred, individuals who engaged in the retaliatory behavior may be subject to discipline up to and including termination regardless of whether the original complaint is substantiated. (*Refer also to Investigations Policy*)

4.4 Investigations

In addition to all city employees, this policy applies to firefighters and volunteers.

The purpose of this policy is to provide guidance for conducting internal investigations of alleged violations of city policies, rules, and standards of conduct.

POLICY

The City of Apple Valley is committed to ensuring that all city-initiated investigations are conducted in a fair, impartial, thorough, thoughtful manner and in compliance with all applicable laws.

When an agent of the City of Apple Valley (i.e., department head, manager, supervisor) receives a complaint or other information indicating a possible violation of law or city policy, the city will conduct an investigation.

Off Duty Conduct

Allegations of off-duty misconduct will be investigated on a case-by-case basis. Factors to be considered may include, but are not limited to, whether an individual's alleged conduct:

- Could seriously damage the city's public image or potential business relationship with the city;
- Reasonably makes it difficult or impossible for co-workers, customers, or others with an actual or potential business relationship with the city to deal with the employee;
- Renders an employee unable to perform his or her duties or appear at work;
- Leads to refusal, reluctance, or inability of other employees to work with him or her;
- Poses a threat to the safety of other workers; or
- Undermines the ability of the city to direct the work force.

Cooperation with the City

It is a basic requirement of the job that employees cooperate fully with the city in any investigation concerning individual conduct or the conduct of other employees. Cooperation includes the requirement that employees provide truthful information and do not conceal information or provide misleading information.

Selection of Investigator

The city has the sole discretion to utilize any combination of internal staff, legal counsel, and/or a third-party independent investigator, to conduct an investigation.

The City Administrator or designee will approve the retention of any third party for purposes of conducting a city-initiated investigation regarding employee misconduct.

Investigative Leave

An employee may be placed on an administrative leave during an investigation at the discretion of the city, with or without notice, in any situation the city deems to warrant removing the employee from the worksite. The leave may be paid or unpaid at the discretion of the city, based on the facts and circumstances of the investigation. The leave, and paid or unpaid status of the leave, may be reviewed and amended upon conclusion of the investigation.

Confidentiality

Complaints will be kept confidential to the extent possible consistent with the law and the city's need to investigate the matter. However, a person reporting or witnessing a violation of this policy cannot be guaranteed anonymity. The person's name and statements may have to be provided to the alleged offender. In certain instances, Human Resources and/or management may be obligated to further report or take action on a complaint, even if the person reporting requests otherwise. All complaints and investigative materials will be contained in a file separate from the involved employees' personnel files. If disciplinary action does result from the investigation, the results of the disciplinary action will then become a part of the employee(s) personnel file(s). Employees must keep all information regarding an internal complaint investigation confidential consistent with the law.

Risk Assessment

The City of Apple Valley will make a reasonable effort to ensure that complainant(s) or person(s) providing information during an investigation are not exposed to any threats of violence, intimidation or personal risk. If any such situations are identified or have occurred, the city will proceed with the appropriate response, as advised by Human Resources, legal counsel, Police Department, or other professionals. Any city employee found to have engaged in threatening behavior will be subject to disciplinary action up to and including termination, in accordance with the city's Workplace Violence Prevention Policy.

Investigative Timeline

The City of Apple Valley will make reasonable efforts to initiate an investigation into allegation(s) of misconduct and conclude the investigation in a timely fashion, as appropriate.

Retaliation

The City of Apple Valley will not tolerate retaliation or intimidation directed towards anyone who makes a complaint, who serves as a witness or participates in an investigation, or who is exercising his/her rights when requesting religious or disability accommodation. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment. While each situation is very fact dependent, generally speaking retaliation can include a denial of a promotion, job benefits, refusal to hire, discipline, negative performance evaluations or transfers to less prestigious or desirable work or work locations because an employee has engaged or may engage in activity in furtherance of Equal Employment Opportunity (EEO) laws.

It can also include threats of reassignment, removal of supervisory responsibilities, filing civil action, deportation or other action with immigration authorities, disparagement to others or the media and making false report to government authorities because an employee has engaged or may engage in protected activities. Any individual who retaliates against a person who testifies, assists, or participates in an investigation may be subject to disciplinary action up to and including termination regardless of whether the original complaint is substantiated.

An employee, who feels retaliation is occurring within the workplace, barring any extenuating circumstances, should report the concern immediately to any of the following:

1. Supervisor or department head;
2. Human Resources;
3. City Administrator; or
4. In the event an employee feels retaliation has occurred by the City Administrator, then reporting may be made to the City Attorney's office.

Supervisors who know or have reason to know of claims of retaliation must report the allegations within two business days to Human Resources or the City Administrator. A supervisor must act upon such a report even if requested otherwise by the victim.

5: LEAVES OF ABSENCE

5.1 Leaves of Absence

In addition to city employees, this policy applies to firefighters.

POLICY

Depending upon an employee's situation, more than one form of leave may apply during the same period of time. An employee will need to meet the requirements of each form of leave separately. Leave requests will be evaluated on a case-by-case basis.

Except as otherwise stated, all paid time off, taken under any of the city's leave programs, must be taken consecutively, with no intervening unpaid leave.

The city will provide employees with time away from work as required by state or federal statutes, if there are requirements for such time off that are not described in the personnel policies.

5.2 Annual Leave

This policy does not apply to casual employees or elected officials.

The City of Apple Valley provides paid time off from work under its annual leave policy. Employees are encouraged to schedule time off for relaxation to promote good physical and mental health while maintaining a sufficient accrual balance to cover unplanned absences.

POLICY

Annual leave shall be taken as either planned leave which will be scheduled in advance; or when necessary, unplanned leave which will require notification of the city within a timely manner on the employee's scheduled workday.

For any period during which an employee is not being paid, the employee shall not earn annual leave. An employee shall not be eligible to be compensated for annual leave, or earn additional annual leave during the time an employee is receiving disability insurance payments.

Planned annual leave may be denied or approval withdrawn when the granting of such planned annual leave would result in insufficient personnel to carry out necessary functions as deemed appropriate by the city.

An employee shall not be eligible to use more than double the amount of annual leave earned in a calendar year without prior approval of the City Council.

If use of annual leave suggests abuse, the employee may be subject to disciplinary action up to and including discharge.

An employee, who leaves the employment of the city in good standing and has returned all city property, shall be compensated for all accrued and unused annual leave following separation from employment. The city shall be solely responsible for determining whether an employee has left employment in good standing.

Department heads are responsible for determining the procedure for requesting time off and/or reporting unplanned absences. Department heads may implement a paper based and/or electronic time off approval and notification system that meets the needs of the department.

An employee's initial date of regular employment shall be used to determine the appropriate hours of annual leave to be accrued. The City Administrator, or designee, may authorize modification of an employee's annual leave accumulation schedule.

Annual leave may not accrue in excess of 400 hours. Any hours in excess of 400 shall be forfeited.

Annual Leave Cash Out

An employee, who has an accrued and unused balance of 160 or more hours of annual leave, may make an irrevocable election annually by December 31, to receive cash compensation in lieu of up to 16 hours of annual leave earned in the subsequent year.

Such election shall be made in writing in a format determined by the city and received in Human Resources by December 31.

Upon making such election, annual leave earned beginning the start of the first pay period in January of the subsequent year, up to the amount elected by the employee, shall not be credited to the employee's annual leave bank, but instead shall be paid to the employee at the employee's base pay rate on the earliest of:

- 1) When requested by the employee on one regular pay check in the calendar year subsequent to the employee's election, provided the elected number of hours have been earned; or
- 2) The first pay check in December of the year subsequent to the employee's election; or

An employee shall be eligible to collect the short term disability benefit until the earlier of: 1) the employee becomes eligible for long term disability, or 2) six months following the date of the qualifying injury, illness, or pregnancy. The city may request, at any time, that an employee provide a medical doctor's statement including verification of illness and/or ability to return to work.

An employee shall be eligible to receive the city's insurance contribution toward the purchase of group insurance during the period of time the employee is receiving short term disability insurance benefits, not to exceed six months from the qualifying date of illness or injury.

The city will, upon request, pay the employer contribution amount due to PERA for an employee's purchase of service credit and salary from an authorized short term disability leave of absence if all of the following conditions are met:

1. The request is received by the city no later than 120 days after the end of the employee's authorized short term disability leave of absence; and
2. The employee has returned to full, unrestricted duty actively working a regular full-time schedule with the city; and
3. The employee provides the city with evidence of payment of the employee contribution amount due to PERA.

Refer to the short term disability plan document for details about the plan and benefits. If there are any differences between benefits as described in this policy, and the plan documents or contracts, the plan documents or contracts shall govern.

Short-term disability benefits run concurrently with any other applicable leave allotments pursuant to city policy or statute (e.g., FMLA leave, Pregnancy/Parenting Leave, Medical Leave, etc.)

Holiday Leave Bank in Lieu of Paid Holidays for Eligible Employees in Retail or Hospitality Services Settings

Certain city functions operate regularly in a retail or hospitality services schedule and setting. In such settings, the city may provide a holiday leave bank for certain employees, in lieu of paid holidays.

The City Administrator, or designee, shall determine which positions will receive a holiday leave bank in lieu of paid holidays.

When so designated, an eligible Schedule I, II, and III employee shall be credited with 96 hours of holiday leave time in a holiday leave bank, on January 1 of the calendar year in lieu of holidays.

When so designated, an eligible part-time regular employee who is eligible to earn annual leave shall be credited with 48 hours of holiday leave time in a holiday leave bank, on January 1 of the calendar year in lieu of holidays.

Requests for use of holiday leave time shall be made in writing by the employee and in accordance with normal time off request procedures. The city reserves the sole right to grant holiday leave time.

City of Apple Valley Personnel Policy Manual

Holiday leave time shall not accumulate from year to year. Any unused holiday leave hours remaining in the employee's holiday leave bank on December 31 shall be forfeited.

Holiday leave time for a new employee or an employee leaving employment shall be appropriately prorated to reflect the actual holidays observed by the city under this policy as of the date of the event affecting employment status. If an employee leaving employment has taken more holiday leave time than the appropriate prorated amount, the difference shall be deducted from the employee's final paycheck. Any unused holiday leave hours remaining in the employee's holiday leave bank upon separation from employment shall be forfeited.

An employee shall not use holiday leave in addition to hours worked on any holiday observed under this section. An employee shall not use holiday leave to exceed the employee's normally scheduled number of hours per work period.

5.6 Bereavement Leave

This policy does not apply to part-time or casual employees or elected officials.

The City of Apple Valley provides full-time employees paid leave in the event of a death in the immediate family.

City of Apple Valley Personnel Policy Manual

POLICY

A full-time employee may request up to three consecutive working days of bereavement leave in the event of a death of an immediate family member.

Approved bereavement leave is not charged against an employee's annual leave balance.

The department head is responsible for approving or denying requests for bereavement leave. The actual amount of bereavement leave approved will be determined by the department head depending on the individual circumstances (such as closeness of the family member, arrangements to be made, distance to funeral/service, etc.)

Bereavement leave is intended to be taken within 30 days after the death in the immediate family. The City Administrator, or designee, may grant an exception to this timeframe.

PROCEDURES

When an employee has need to take leave because of a death in the immediate family, the employee will complete a Bereavement Leave Request form and submit it to the department head.

The approved bereavement leave request form must be forwarded to Payroll in conjunction with the time sheet entry for the pay period in which bereavement leave is taken.

DEFINITIONS

When used in this section, the following terms shall have these meanings ascribed to them, unless otherwise noted.

Immediate family. Spouse, parent (including stepparent or legal guardian), child (including stepchild or foster child), sibling (including stepsibling), grandparent, grandchild, aunt, uncle, parent-in-law, grandparent-in-law, brother/sister-in-law, and son/daughter-in-law.

5.7 Family and Medical Leave

The federal Family and Medical Leave Act (FMLA) provides job-protected leave for eligible employees in certain circumstances.

In addition to city employees, this policy applies to firefighters.

Eligibility

To qualify to take FMLA leave under this policy, an employee must meet all of the following conditions:

- Have worked for the city for 12 months (or 52 weeks) prior to the date the leave is to commence. The 12 months or 52 weeks need not have been consecutive; however, the city will not consider any service 7 years prior to the employee's most recent hire date.
- Have worked at least 1,250 hours during the 12-month period prior to the date when the leave is requested to commence. The FLSA does not include time spent on paid or unpaid leave as hours worked. Consequently, these hours of leave are not counted in determining the 1,250 hours eligibility test for an employee under FMLA.

POLICY

Types of Leave Covered

Leave will be granted to an eligible employee for any of the following reasons:

- The birth of a child, including prenatal care, or placement of a child with the employee for adoption or foster care;

- To care for a spouse, child, or parent who has a serious health condition;
- Due to a serious health condition that makes the employee unable to perform the essential functions of the position; and
- A covered military member's active duty or call to duty or to care for a covered military member (Military Caregiver and Qualified Exigency Leave) (described below).

Length and Amount of Leave

The length of FMLA leave is not to exceed 12 weeks in any 12-month period. The leave year is calculated based on a rolling backward basis.

The entitlement to FMLA leave for the birth or placement of a child for adoption expires 12 months after the birth or placement of that child.

How Leave May be Taken

FMLA leave may be taken in 12 (or less) consecutive weeks, may be used intermittently (a day periodically when needed) or may be used to reduce the workweek or workday, resulting in a reduced hour schedule. In all cases, the leave shall not exceed a total of 12 workweeks.

Intermittent leave may be taken when medically necessary for the employee's serious health condition or to care for a seriously ill family member. Intermittent leave must be documented in the medical certification form as medically necessary.

If an employee is taking leave intermittent or leave on a reduced schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as to not disrupt the city's business.

In instances when intermittent or reduced schedule leave for the employee or employee's family member is foreseeable or is for planned medical treatment, including recovery from a serious health condition, the city may temporarily transfer an employee to an available alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule.

Intermittent/reduced scheduled leave may be taken to care for a newborn or newly placed adopted or foster care child only with the city's approval.

Notice

An employee requiring FMLA leave must provide written or verbal notice of the need for the leave to his/her supervisor.

When the need for the leave is foreseeable, the employee must give verbal or written notice to his/her supervisor at least 30 days prior to the date on which leave is to begin.

If 30 days' notice cannot be given, the employee is required to give as much notice as practicable, including following required call-in procedures.

If an employee fails to give 30 days' notice for a foreseeable leave with no reasonable explanation for the delay, the leave may be denied until 30 days after the employee provides notice.

Certification and Documentation Requirements

For leave due to an employee's serious health condition or a family member's, the city will require the completion of a Medical Certification form by the attending physician or practitioner. The form must be submitted to Human Resources within 15 calendar days after requested. If the form is not submitted in a timely fashion, the employee must provide a reasonable explanation for the delay. Failure to provide medical certification may result in a denial or delay of the leave.

The city may require an employee obtain a second opinion from a provider which the city selects. If necessary to resolve a conflict between the original certification and the second opinion, the city may require the opinion of a third doctor. This third opinion will be considered final. An employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinion.

When leave is due to an employee's own serious health condition, a fitness for duty certification (FFD) may be required before an employee can return to work. Failure to timely provide such certification may eliminate or delay an employee's right to reinstatement under the FMLA.

If an employee is using intermittent leave, and reasonable safety concerns exist regarding the employee's ability to perform his or her duties, a FFD certificate may be required as frequently as every 30 days during periods when the employee has used intermittent leave.

Recertification

Recertification of the need for leave may be required if the employee requests an extension of the original length approved by the city or if the circumstances regarding the leave have changed. Recertification may also be required if there is a question as to the validity of the certification or if the employee is unable to return to work due to the serious health condition.

Reinstatement

Employees returning from Family and Medical Leave will be reinstated in the same position or a position equivalent in pay, benefits, and other terms and conditions of employment.

An employee's reinstatement rights are the same as they would have been had the employee not been on leave. Thus, if an employee's position would have been eliminated or an employee would have been terminated but for the leave, the employee would not have the right to be reinstated upon return from leave.

Notice of Intent to Return from FMLA Leave

The city requires an employee on FMLA leave to report periodically on the employee's status and intent to return to work.

Effect on Benefits

An employee granted leave under this policy will continue to be covered under the city's group health and dental insurance plan under the same conditions and at the same level of city contribution as would have been provided had they been continuously employed during the leave period.

The employee will be required to continue payment of the employee portion of group insurance coverage while on leave. If paid leave is being used during an FMLA leave, the employee's share of group health plan premiums must be paid by the method normally used during paid leave (usually payroll deduction). An employee on unpaid FMLA leave must make arrangements to pay the normal employee portion of the insurance premiums in order to maintain insurance coverage.

Arrangements for payment of the employee's portion of premiums must be made by the employee with the city.

All paid benefits run concurrently with unpaid FMLA benefits. For example, short term disability (STD) benefits, if available, will run concurrently with unpaid FMLA leave so that an employee will receive STD benefits while taking up to 12 weeks of FMLA leave. If there are changes in the city's contribution levels while the employee is on leave, those changes will take place as if the employee were still on the job.

Failure to Return to Work after FMLA

Under certain circumstances, if the employee does not return to work at the end of the FMLA leave for at least 30 calendar days, the city may require the employee to repay the portion of the monthly cost paid by the city for group health plan benefits. The city may also require the employee to repay any amounts the city paid on the employee's behalf to maintain benefits other than group health plan benefits.

City of Apple Valley Personnel Policy Manual

If an employee does not return to work following 12 weeks of FMLA leave, the employee may be subject to COBRA continuation of group health benefits.

If the employee fails to pay the city a portion of the premiums for which he or she is responsible during the FMLA leave and the employee fails to return to work, coverage may end. Loss of coverage for failure to pay premiums is not a qualifying event for purposes of continuation coverage under COBRA.

If the employee does not return from the FMLA leave and coverage ended sometime during the FMLA leave due to lack of payment, there is no COBRA election available. For COBRA to apply, the employee must have been covered on the day before the qualifying event. In this situation, the qualifying event would occur at the time the employee did not return from the leave.

Activities Prohibited During FMLA

While on leave, an employee may not engage in activities (including employment) which have the same or similar requirements and essential functions of an employee's current position.

While on leave, an employee may not engage in any activity that conflicts with the best interests of the city. Such conduct will result in disciplinary action up to and including termination of employment.

Seniority

Seniority does not accrue during any period of unpaid FMLA except as allowed when the leave is covered by worker's compensation. However, seniority accrued prior to commencement of FMLA leave will not be lost.

Use of Paid Leave

FMLA leave shall be unpaid, except that an employee may use applicable accrued paid leave during the FMLA leave period in accordance with appropriate city leave policies.

An employee shall elect, prior to or immediately upon commencement of the FMLA leave, whether to use accrued paid leave during the leave.

Upon electing to use accrued paid leave, the employee shall designate the type and amount of paid leave to be used during the FMLA leave period.

If the employee elects to use accrued paid leave, the designated amount of accrued paid leave shall be used continuously from the commencement through the duration of the FMLA leave period. Accrued paid leave shall not be used intermittently with unpaid leave during the FMLA leave period.

If the employee elects not to use accrued paid leave, the employee shall not use accrued paid leave for the duration of the FMLA leave period.

Any paid disability leave benefits available to an employee for a covered reason will run concurrently with FMLA.

Additional Leave

Employees who cannot return from an approved FMLA leave at the end of the approved leave period may request an extension (up to the maximum of 12 weeks allowed under FMLA). If the 12 FMLA weeks have already been used, the employee can request to go on a medical leave of absence or discretionary leave of absence without pay. If approved, before unpaid leave begins the employee must use any accrued annual leave, compensatory time, or other paid leave that remains. If the leave is approved and unpaid, the employee will be required to pay the full cost of all group insurance, as provided under COBRA, in order to continue coverage.

If the unpaid leave of absence is not approved or the employee fails to request additional leave, the employee will be considered to have voluntarily resigned. If circumstances beyond the employee's control prevented the employee from requesting additional leave, a retroactive leave request may be allowed, subject to the approval of the City Administrator.

City of Apple Valley Personnel Policy Manual

Amount of Leave – Military Caregiver

An eligible employee taking military caregiver leave is entitled to 26 workweeks of leave during a single 12-month period. The single 12-month period begins on the first day the eligible employee takes FMLA leave to care for a covered servicemember and ends 12 months after that date.

Leave taken for any FMLA reason counts towards the 26 week entitlement. If an employee does not take all of 26 workweeks of leave entitlement to care for a covered servicemember during this single 12-month period, the remaining part of the 26 workweeks of leave entitlement to care for the covered servicemember is forfeited.

Certification of Qualifying Exigency for Military Family Leave

The city will require certification of the qualifying exigency for military family leave. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification of Qualifying Exigency for Military Family Leave.

Certification for Serious Injury or Illness of Covered Servicemember for Military Family Leave

The city will require certification for the serious injury or illness of the covered servicemember. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification for Serious Injury or Illness of Covered Servicemember.

All other provisions of the FMLA policy, including use of paid leave, employee status and benefits during leave, the procedure for requesting leave, benefits during leave and reinstatement, are outlined above in the FMLA policy.

Leave may also be used by a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions.

Commencement of Leave

The leave shall begin at a time requested by the employee. City of Apple Valley Personnel Policy Manual

Duration of Leave

The length of the leave shall be determined by the employee, but unless agreed to by the city, the leave shall not exceed 12 weeks; except that, an eligible full-time employee may take up to six months of leave under this section.

Use of Paid Leave

Parental leave shall be unpaid, except that an employee may use applicable accrued paid leave during the parental leave period in accordance with appropriate city leave policies.

An employee shall elect, prior to or immediately upon commencement of the parental leave, whether to use accrued paid leave during the leave.

Upon electing to use accrued paid leave, the employee shall designate the type and amount of paid leave to be used during the parental leave period.

If the employee elects to use accrued paid leave, the designated amount of accrued paid leave shall be used continuously from the commencement through the duration of the parental leave period. Accrued paid leave shall not be used intermittently with unpaid leave during the parental leave period.

If the employee elects not to use accrued paid leave, the employee shall not use accrued paid leave for the duration of the parental leave period.

Coordination with FMLA

If an eligible employee has any Family and Medical Leave (FMLA) leave allotment remaining at the time parental leave commences, the leaves will run concurrently until the FMLA leave eligibility is exhausted. In no instance shall the combination of FMLA and parental leave exceed six months.

Benefits

No city-provided benefits shall accrue during an unpaid parental leave. However, a covered employee shall be allowed to continue group health plan coverage at the employee's own expense. In situations where leave is designated as Family Medical Leave, the FMLA policy and the continuation of the city's contribution toward an employee's group health plan coverage shall apply.

Arrangements for payment of the employee's portion of premiums must be made by the employee through the city.

Return to Work

Upon return to work, the employee shall be returned to the same position held by the employee at the commencement of the parental leave, or one with comparable duties, number of hours, and pay. The employee will receive the same benefits and seniority the employee had before the parental leave.

If an employee does not return to active employment at the conclusion of the approved parental leave, the city shall consider it a voluntary resignation on the part of the employee.

PROCEDURES

The employee must notify his or her supervisor, in writing, as to the nature and anticipated length of the leave requested. The employee must provide reasonable advance notice of the leave request.

Adoptive Parents

Adoptive parents will be given the same opportunities for leave as biological parents under this policy. The leave must be for the purpose of arranging the child's placement or caring for the child after placement. Such leave must begin before or at the time of the child's placement in the adoptive home.

This policy does not apply to elected officials.

POLICY

An eligible employee must first use any available allotment of Family Medical Leave before an extended medical leave of absence will be granted.

An employee may be granted a leave of absence for medical reasons. The length of leave provided shall be determined on a case-by-case basis, considering what is reasonable depending on the individual facts and circumstances, and whether the leave would cause the city an undue hardship.

Paid Leave and Benefits

An employee shall use available accrued paid leave during the leave of absence for medical reasons.

During any full calendar month in which the employee is unpaid, the employee will be responsible for the total cost of the premiums on any group insurance coverage the employee or the employee's family is receiving through the city during this extended leave period, unless otherwise provided by law.

Employees will not accrue annual leave during any period of unpaid medical leave.

Reporting

While on leave, the employee must keep his or her supervisor reasonably informed regarding the status of the employee's medical condition and intent to return to work. The employee may be required to provide satisfactory medical evidence substantiating the need for continued leave.

End of Leave

If prior to the end of the approved leave period, it is determined by medical authority that there is not a reasonable expectation that the employee will be able to return to the his or her job because of inability to perform the job either with or without reasonable accommodation, approval of a medical leave of absence may be withdrawn and the employee separated from employment.

The city will grant the employee reinstatement to his or her job or job with similar duties and responsibilities at the end of the leave period unless the position has been eliminated or there are other circumstances that exist that would make reinstatement unreasonable, if the employee can continue to perform the job with or without reasonable accommodation.

If at the end of the approved leave period, the employee is still not able to return to his or her job because of inability to perform the job, either with or without reasonable accommodation, the employee shall be separated from employment.

PROCEDURES

An eligible employee will notify his or her immediate supervisor, in writing, as to the nature and anticipated length of the leave requested. A 30-day written notice is required if the leave is foreseeable. If a 30-day notice is not possible, as much notice as practicable must be given.

An employee requesting re-employment following military leave for a period of more than 31 days must provide documentation establishing:

- The timeliness of his or her application for reemployment; and
- That the five year cumulative service limitation was not exceeded; and
- That the employee's military separation was not disqualifying.

An employee re-employed following active duty military service shall not be removed or discharged within one year thereafter except for cause, after notice and hearing; but this shall not operate to extend a term of service limited by law.

If an employee does not meet the conditions for re-employment and timely return to active employment at the conclusion of active military service leave, the city shall consider it a voluntary resignation on the part of the employee.

A written agreement regarding an employee's time off to serve public office will be developed by the appropriate supervisor and the employee. This agreement will be submitted to the department head for final approval and a copy provided to Human Resources. The written agreement should outline expectations and procedures for the employee requesting time off to attend meetings necessitated by reason of the employee's public office, as well as a description of how normal operations of the city will be maintained during that employee's absences.

This agreement should address the following:

- A schedule/calendar of expected time away from scheduled work hours to attend regular meetings of the employee's public office;
- Expectations for providing reasonable advance notice of absences;
- Contingency response to cover employee's absence to attend "emergency" meetings and a definition of what constitutes and "emergency" meeting;
- Description whether time off will be taken with use of available paid leave hours, without pay, or made up with other hours worked that are agreeable to the employee and the supervisor; and
- A periodic review process to ensure that the agreement is meeting the needs of the employee and the city.

5.24 Leave of Absence for Legislator or Full-Time Elected City/County Office

In addition to city employees, this policy applies to firefighters.

POLICY

Leave of Absence

In accordance with Minnesota statute, the city will provide an employee, who serves as a legislator or is elected to a full-time city or county office in Minnesota, with a leave of absence from employment when on the business of the office.

Use of Paid Leave Hours

The leave shall be unpaid, except that the employee may elect to use available paid leave hours. If the employee elects to use accrued paid leave hours, the designated amount of accrued paid leave shall be used continuously from the commencement through the duration of the leave period. Accrued paid leave shall not be used intermittently with unpaid leave during the leave period.

Insurance Coverage

Eligibility for continuation of insurance coverage for employees on leave under this section will follow the same procedures as for any employee on a leave of absence.

Temporary Appointments

When an employee is absent with leave under this section, the city may fill the vacancy by temporary appointment while an employee is absent.

Reinstatement

Upon the completion of the last legislative day in each calendar year, or, in the case of an elected city or county official, on the completion of the final day of the term to which the official was elected, the employee shall be reinstated in the public position held at the time of entry into the legislature or taking city or county office, or be placed in a position of like seniority, status, and pay if it is available at the same salary which would have been received if the leave had not been taken, upon the following conditions:

1. That the position has not been abolished or that its term, if limited, has not expired;
2. That the legislator makes a written application for reinstatement to the appointing authority within 30 days after the last legislative day in a calendar year or, in the case of an elected city or county official, within 30 days after the expiration of the elected term; and
3. That the request for reinstatement is made not later than ten years after the granting of the leave.

Upon reinstatement, the employee shall have the same rights with respect to accrued and future seniority status, paid leave, insurance benefits, and other benefits as if actually employed during the time of the leave.

No officer or employee reinstated shall be removed or discharged within one year after reinstatement except for cause and after notice and hearing, but this does not extend a term of service limited by law.

Exceptions

The rights and privileges granted by this section do not apply if the elected office is constitutionally or legally incompatible with the public employment or the elected person chooses to take leave as provided by other law.

6: WORKPLACE SAFETY AND HEALTH

6.1 A Workplace Accident and Injury Reduction (AWAIR) Policy

In addition to all city employees, this policy applies to firefighters, volunteers, and such "non-employees" as contract employees whose work is directed by the city. For the purpose of the administration of this program, there will be no difference between city employees and any "non-employees" as described above.

Contractors (electricians, plumbers, etc.) and visitors will also be required to comply with appropriate portions of this program. This requirement will be communicated to contractors and visitors by the appropriate department representative.

The safety of our employees is the first consideration in the operation of the city. Accidents and injuries are not only costly to the city and the individual workers but often disastrous to the future of his or her family. It is our policy that everything within reason will be done to maintain a safe and healthy workplace for all employees. Each employee has a place in our accident prevention program and is expected to cooperate fully in all measures taken in loss prevention.

POLICY

It is the policy of the City of Apple Valley (the city) to provide our employees with a work place free of recognized safety and health hazards in an effort to conserve our human, physical and financial resources. The health and well-being of all personnel is important.

This policy is intended to serve as an overview of the Safety and Health Program. It outlines the philosophy by which the city will develop, implement and maintain all other safety programs which concern more specific topics.

I. Goals/Objectives of the Safety and Health Program (*ref. 182.653, subd. 8*)

General. The ultimate goal of the safety and health program is to prevent and reduce employee injuries and illnesses through the administration of an effective safety and health program.

Elements of this program are:

- Maintenance of safe and healthful working conditions.
- Ensuring employee adherence to proper operating practices and procedures designed to prevent injuries and illness.
- Observing and applying federal, state, and local safety regulations.
- Each employee is properly trained and instructed on job procedures prior to job assignments.
- Providing safety training for all employees as a means of communicating policy and usable knowledge.
- Conducting periodic safety and fire inspections to identify potential hazards in the work place.
- Conducting accident/incident investigations to determine the cause of accidents and the actions necessary to prevent future reoccurrences.

Specific goals and objectives. Quantifiable goals and objectives are identified to measure our progress to the above stated goals. As a rule, these goals and objectives are measurable and attainable. They are provided in the Annual Safety and Health Workplan.

Responsibility for goal and objective setting. Goals and objectives are established by the Safety Program Coordinator, safety committees and each department as needed.

Time frame. The Safety and Health efforts of the city will be an ongoing effort and will be updated and reviewed annually or as often as necessary.

II. Management, supervisory, and employee involvement (*ref. 182.653, subd. 8(1)*)

General. This section describes how managers, supervisors, and employees are responsible for implementing the Safety and Health Program and how continued participation of management will be established measured and maintained.

Safety Program Steering Committee. The Safety Program Steering Committee (SPSC) is responsible for assisting the Safety Coordinator and the Human Resources Department in developing the overall direction of the Safety and Health Program, including discussion of policies, procedures and facility or equipment upgrades needed to comply with state and federal law. The SPSC may assist with development of the annual work plan, selection of the outside safety consultant, planning of emergency drills, and will assist the Safety Coordinator with enforcement issues within the departments.

Safety Coordinator. The Safety Coordinator is appointed by the City Administrator. The Safety Coordinator chairs the Safety Program Steering Committee (SPSC) and/or delegates this function as appropriate. The Safety Coordinator works with the advice of the SPSC and reports to the City Administrator. The coordinator acts as a liaison between the city and its outside safety consultant. The coordinator helps in drafting, scheduling and implementing the annual Safety and Health Program.

Department Heads and Supervisors. The primary responsibility for providing an accident and hazard free place of employment rests with the department heads and supervisors. To carry out the Safety and Health Program, they must enforce the maintenance of safe working conditions and encourage the observance of safe habits. They must see to it that safe work methods and procedures are followed, and they must provide for the necessary safety training of supervisors and employees.

Department heads and supervisors are expected to lead the way toward establishing and maintaining safe work methods and practices. They promote safety among their employees by their attitude and by the example they show. Department heads and supervisors shall be responsible for training their employees in safe work procedures, reporting and investigating all accidents and near accidents promptly, detecting and correcting unsafe working conditions and acts, and encouraging safety suggestions and discussions among their employees.

In addition, department heads and supervisors shall promptly complete required reports for the Safety and Health Program and required forms for work place injuries. Department heads and supervisors shall obtain and maintain an inventory of hazardous substances and up-to-date MSDS sheets as required by the Right To Know Program. Department heads and supervisors are responsible for ensuring that hazardous substances, harmful physical agents (noise, heat/cold stress, ionizing/non-ionizing radiation) and infectious agents are identified within their areas of responsibility and information to aid in preventing injury or illness is readily available to employees.

City Wide Safety Committee. The City Wide Safety Committee is responsible for assisting the City of Apple Valley in identifying, implementing, maintaining and promoting the Safety and Health Program, directed toward the prevention of injury and illness on the job. It also assists the city in its efforts to comply with federal and state regulations and city policies. The committee is accountable to the Safety Program Steering Committee and to the employees it represents.

The committee fulfills its responsibilities as outlined above by performing the following types of activities as applicable:

- Review statistics and data on injuries, illnesses, and exposures.
- Review reports of allegedly hazardous conditions and safety suggestions.
- Conduct safety inspections.
- Assist with the development and review of programs, procedures, hazard evaluations, etc.
- Recommend, conduct, and /or participate in training sessions.
- Promote the Safety and Health Program.

The City Wide Safety Committee shall, with the approval of the City Administrator and in cooperation with the AFSCME Labor-Management Safety Committee, plan, document and recommend city-wide safety training and education programs for all departments and divisions.

The Central Maintenance Facility AFSCME Labor-Management Safety Committee. The Central Maintenance Facility AFSCME Labor-Management Safety Committee is comprised of representatives from management and AFSCME. Members are appointed by the respective leadership of the groups represented.

Employees. All city employees are required to become familiar with the provisions of this safety manual and with the safety regulations and requirements in effect within their department or division. Employees shall guard their own safety and that of their co-workers. Employees are responsible for the prompt reporting of all personal injuries and all accidents occurring within the course of their employment. They are responsible for reporting all unsafe vehicles, equipment, tools or working conditions to their immediate supervisor.

Employees are also responsible for reporting unsafe acts such as equipment abuse, careless operation, or horseplay on the job. A supervisor shall not assign unsafe vehicles, equipment or tools.

Employees appointed to the city Wide Safety Committee and/or Central Maintenance Facility AFSCME Labor-Management Safety Committee shall assist in promoting the programs and recommendations of these committees.

III. Hazard Identification and Control (*ref. 182.653, subd. 8(2)*)

General. This section describes the methods used to identify, analyze, and control new or existing hazards, conditions, and operations.

When feasible, we will eliminate or reduce the exposure to hazards by applying engineering controls. When engineering controls are infeasible or fail to completely control the hazards, administrative controls will be used to minimize employees' exposures. When these types of controls fail, appropriate Personal Protective Equipment will be issued and employees will be required to wear it.

Safety Inspections. The city will conduct safety surveys of work sites on a periodic basis to determine potential hazards which may be encountered in the normal course of duty. Inspections may be conducted by the safety committees, insurance representatives, outside consultants, or other appropriate, concerned parties.

Results of the inspections are to be provided to the department heads or supervisors and Safety Program Coordinator who will forward the results and recommendations to the appropriate staff. The department heads and or supervisors will be responsible for taking corrective action. The Safety Program Coordinator will be copied on all such reports.

Periodic Sampling. Periodic environmental sampling may be conducted when it is believed employees may be exposed to new hazards or hazardous materials in concentrations which may be above recognized OSHA standards. Results of the sampling will be available to employees within 15 days of the results of the monitoring.

Job Safety Analysis (JSA). Safe work practices will, when applicable, be developed through the use of the Job Safety Analysis (JSA). Each major job element will be reviewed for its potential to cause injury and recommendations for hazard controls will be developed.

Implementation of safety procedures developed through the JSA will be communicated to employees through a variety of means including training sessions, safety meetings, or one-on-one communication.

Employee Hazard Reporting and Safety Suggestions. Any employee who feels that there is an unsafe condition existing in any part of the operation, or has a suggestion to enhance employee safety and health must immediately report it to their supervisor or the Safety Program Coordinator. Hazard Report/Safety Suggestion forms are available for employees on the Intranet or from their supervisor or the Safety Program Coordinator. The master copy of this form is provided in the Forms and Supporting Documentation Section of the Safety and Health program.

It will be the responsibility of the Safety Program Coordinator or the department supervisor to follow up on the hazard report or suggestion at the earliest feasible opportunity. All submissions will receive an appropriate degree of evaluation, and in all cases, the Safety Program Coordinator, the department head or the supervisor will communicate their findings to the employee who made the report.

When appropriate, written documentation of the employee report or suggestion, and the corrective action taken (if any) will be maintained in the designated section of this binder.

Employees who report hazards to the city management will not be discriminated or retaliated against in any manner.

Personal Protective Equipment. Personal Protective Equipment (PPE) will be selected on the basis of the hazard in which the employee will be working and the effectiveness of the protective equipment to reduce or minimize employee exposures to the hazard. The city will use a PPE Assessment Form to aid in selection. Employees are issued specific equipment as necessary for their personal protection while on the job. PPE equipment identified for use can be found in the PPE Selection.

It is the responsibility of each employee to maintain their protective equipment in good condition. If there is a problem with their equipment they are required to report it to their supervisor.

Monitoring Work Place Injuries and Illness/OSHA 300 Records. All work place injuries and illnesses will be monitored by the Safety Program Coordinator.

IV. Training and Communication (*ref. 182.653, subd. 8(3)*)

General. This section describes how this program will be communicated to applicable employees, and how they will be trained in the required skills, procedures, etc. See Safety Training Matrix.

Timing of training. Employees will receive training when:

- They are initially assigned to an area, task, or activity to which this program applies.
- When changes in hazards, operations, materials, etc. make retraining appropriate.
- When employees' performance or other observation indicate a need for retraining.
- Refresher training will be provided annually.

Responsibilities. The department heads and supervisors are responsible for ensuring that all appropriate employees receive the required training on a timely basis. At least annually, the Safety Program Coordinator and the safety committees will review the training program to ensure its adequacy and identify opportunities for improvement.

In all cases, training will be conducted by a suitably qualified person.

Records. All employee training will be adequately documented. Training records will include:

- The names and job titles of all attendees.
- The name of the person conducting the training.
- The date, location and time of the session(s).
- A brief description or outline of the material discussed.

Training records will be maintained in the department with copies to the Human Resources Department. All records of training will be maintained for a minimum of three years beyond the training date.

Bulletin boards. Bulletin boards are provided to keep employees informed of safety related issues, performance, etc. This information is also available on the Intranet.

V. Injury Reporting/Investigation and Return to Work (*ref. 182.653, subd. 8(4)*)

General. This section describes how work place accidents/incidents will be investigated, how corrective actions will be implemented, and the policies relating to returning injured employees to meaningful work at the earliest possible time.

Identification of cause and correction. The city's philosophy of accident analysis is that accidents never "just happen", rather they are caused by a series of actions or steps or failures. If these steps can be identified, they can be controlled or eliminated. The primary purpose of the investigation is to determine the root causes of the accident, and eliminate the causative factors.

Process and responsibilities. Supervisor's investigations will begin with prompt reporting of the accident by the employee to the supervisor. It will be the responsibility of the supervisor to coordinate any necessary emergency medical care. The supervisor will direct the employee to seek treatment at the medical facility designated by the city whenever possible.

Basic information to be collected at the scene of the accident should be filled out by the supervisor on the Supervisor's Report of Accident or Injury. These forms are printable from the electronic version of this program or available from the Safety Program Coordinator, who will assist the supervisor as needed and may conduct further investigations as necessary. The accident investigation is to be initiated as soon as feasible following the accident, but always within 24 hours of the initial report.

When applicable the supervisor and department head will provide results of the investigation and recommendations for corrective actions to the area supervisor (for items pertaining to conditions) and/or the Safety Program Coordinator (for items pertaining to behaviors). The department heads and supervisors are responsible for taking corrective action.

Return to work. All work-related illnesses and injuries must be reported to the supervisor prior to seeking medical treatment (except in cases of medical emergencies such as life-threatening cases). If any work is to be missed as a result of the injury, the employee must report this to the supervisor as soon as possible (but always within 24 hours, or the beginning of the scheduled work shift, whichever is sooner).

If the employee seeks medical attention, he/she must provide a "workability report" or equivalent, from the medical provider, outlining the employee's restrictions, if any. Upon receipt of the workability report, the supervisor and/or the Safety Program Coordinator will meet with the injured employee to attempt to identify potential work assignments which can be performed within the employee's restrictions. Providing these assignments will be based on operational needs and the city cannot guarantee such assignments will be available.

The employee is expected to monitor his/her own work and ensure that he/she is working within restrictions at all times. The city reserves the right to require the employee to acknowledge in writing that he/she understands the contents of the workability report and his/her restrictions, and that it is the employee's responsibility to monitor his/her own work to ensure that all such restrictions are complied with.

VI. Safety Rules and Enforcement (ref. 182.653, subd.8(5))

General. This section describes how safe work practices and rules will be enforced.

Disciplinary policy. Employees found to be in violation of this policy will be subject to disciplinary action, up to and including termination.

Formal safety rules are communicated to employees through means such as the Safety and Health Program, Intranet, bulletin boards, safety meetings, training, performance reviews, etc.

PROCEDURES

This program will be reviewed, at minimum annually, by the Safety Program Coordinator or designee. The purpose of this review is to ensure its ongoing adequacy, effectiveness, and accuracy, as well as to identify any opportunities for improvement. This will include a review of all policies, programs, procedures, training records, and other available written materials which pertain to the program. When appropriate, the review shall also include changes in available control technology. All such reviews (whether changes were made or not) will be documented on the review page of the Safety and Health Manual.

6.2 Workplace Violence Prevention

In addition to all city employees, this policy applies to firefighters and volunteers. This policy specifically applies to covered individuals who have a valid permit to carry a pistol. This policy does not apply to sworn police officers performing in the line of duty.

The City of Apple Valley is committed to creating and maintaining a workplace free from threats and acts of violence for all employees and visitors. It is the responsibility of every employee to treat others with respect and dignity and to promote a safe and healthy workplace free from threats and acts of violence.

POLICY

The City of Apple Valley does not tolerate any type of workplace violence committed by or against employees and visitors. Employees are prohibited from making threats or engaging in violent activities.

Violence

Acts of violence include, but are not limited to:

- Possessing, carrying, or using a firearm and ammunition, or other dangerous weapons as defined while working on city property, working in any location on behalf of the city, driving on city business, riding as a passenger on city business, performing emergency or on-call work after hours on behalf of the city, attending training or conferences on behalf of the city, except where such possession or use is specifically required as part of the employee's job duties.

An exception to this policy is that city employees may carry and possess firearms only in city-owned parking areas if they have obtained the appropriate permit(s). Therefore, if a city employee must drive his or her personal vehicle on city business, and the vehicle contains the employee's firearm, he or she must either: 1) check the firearm with the Police Department during the workday and retrieve it after work, or 2) ensure the firearm is enclosed in a case or container designed for that purpose, is unloaded, and is secured in an area of the personal vehicle where it will not be visible to the public when the employee is conducting city business (example: a cased firearm in a locked trunk). If the employee checks the firearm with the Police Department, the firearm must be presented unloaded, safety on, in a case or container designed for that purpose.

Acts of violence on city property or facilities, or while on city business, will not be tolerated or ignored. Employees found to be in violation of this policy will be subject to disciplinary action up to and including termination of employment. Any unlawful act of violence committed by employees or members of the public while on city property or while using city facilities or property, will be prosecuted as appropriate. The city intends to use reasonable legal, managerial, administrative, and disciplinary procedures to secure the workplace from violence and to reasonably protect employees and members of the public.

The city reserves the right to search and inspect city property.

The employee's supervisor or department head shall have the authority to approve whether it is necessary for an employee to carry any tools or instruments on their person to properly perform the duties of their job and whether certain tools will be provided by the city to complete work-related tasks.

Commitments and Responsibilities

All employees are responsible for:

- Refraining from acts of violence;
- Promoting safe workplace practices, including this policy;
- Promptly reporting to department heads, supervisors and/or Human Resources any dangerous, harassing, threatening or violent situations that occur in the workplace;

City of Apple Valley Personnel Policy Manual

PROCEDURES

All employees shall be responsible for promptly reporting incidents of violence in the workplace or potentially dangerous situations to their department head, supervisor and/or Human Resources and where appropriate to law enforcement authorities. A department head or supervisor receiving a report of an incident from an employee should promptly notify Human Resources of the report.

Reporting Orders for Protection

All employees shall notify their department head, supervisor and/or Human Resources when an order for protection has been obtained naming city premises, and are encouraged, but not required, to make such notification when an order for protection is obtained which does not name city premises as a protected area.

Retaliation

Retaliation against a person for having made a complaint or report of violence in the workplace, or participating in or assisting in an investigation of violence in the workplace is prohibited. Any person who believes that he or she has been subject to such retaliation/harassment should promptly bring it to the attention of his or her department head, supervisor and/or Human Resources.

Confidentiality

Consistent with the necessity of prevention and investigation of violence in the workplace, personal information obtained in the course of an investigation under this policy shall be considered confidential and not subject to public disclosure except as may be necessary as part of the disciplinary process or as otherwise provided by law.

DEFINITIONS

When used in this section, the following terms shall have these meanings ascribed to them, unless otherwise noted.

A dangerous weapon is any instrument capable of producing bodily harm, and the use of which manifests intent to harm or intimidate another person or that warrants alarm for the safety of another person. This includes city tools, instruments, or other implements which if used improperly and/or for anything other than their intended use could result in bodily harm, intent to harm, intimidate another person or threaten the safety of the employee and/or another person.

6.3 City Driving

In addition to all city employees, this policy applies to firefighters and volunteers.

POLICY

The City of Apple Valley expects all employees who are required to drive as part of their job to drive safely while on city business and to maintain a good driving record. An employee driving on city business, whether in a city-owned or personal vehicle, shall obey all applicable traffic laws.

Driver's License

No employee may operate a vehicle for city business without a valid state-issued driver's license.

An employee, who drives a vehicle on city business, is required to notify their immediate supervisor on the first work day after any temporary, pending, or permanent loss, suspension, revocation, restriction, and/or other action is taken which would affect the employee's ability to maintain licensure. The employee is also required to keep their supervisor informed of any changes thereafter.

Driving Data Examination

The city may examine driving data for all employees whose position requires a valid driver's license to determine compliance with this policy for public safety and reduction of exposure to liability.

Driving data will not be accessed until the employee has provided written informed consent for the city to access the data. Failure to provide consent will create a presumption that the employee's license to drive has been suspended or terminated and the employee may be subject to discipline.

The city will determine appropriate action on a case-by-case basis.

6.4 Use of Cell Phones and Other Communication Devices by Casual Employees

This policy applies only to casual employees.

The safety of employees and the general public is a primary consideration in the operation of the city. The City of Apple Valley will implement programs that provide employees with a work place free of recognized safety and health hazards in an effort to conserve our human, physical and financial resources.

POLICY

Casual employees are not permitted to use cellular phones or any other mobile communication technology devices while operating a city motor vehicle or any other piece of city equipment including, but not limited to: lawnmowers, tractors, and tool cats; performing work tasks within the street, boulevard, or road right of way; or carrying out or assisting with job assignments.

Personal mobile communication technology devices must be turned off and stowed during work hours. Devices may be used during approved rest breaks.

The city may issue city-owned communication devices such as radios to certain staff members.

If it becomes necessary in an emergency or work related situation to use such communication devices while operating city vehicles or equipment, the vehicle and/or equipment must be brought to a complete stop in a safe manner and in a safe location and placed in "park".

Casual employees are to refrain from doing any other activities while driving or operating equipment that may lead to being inattentive to their primary responsibility including the operation of a motor vehicle and/or equipment safely and with full attention given to the operation.

Violation of this policy will result in disciplinary action, up to and including termination of employment.

DEFINITIONS

When used in this section, the following terms shall have these meanings ascribed to them, unless otherwise noted.

Mobile communication technology devices. Examples include: cellular phones, smart phones, and other devices.

Use. Includes dialing, talking, texting, reading, listening, and handling.

POLICY

Persons Subject To Testing

All job applicants, as defined by this section, who have received a contingent offer of employment, are subject to testing under this section.

Refusal To Undergo Testing

A job applicant has a right to refuse to undergo drug and/or alcohol testing. If a job applicant refuses to undergo drug and/or alcohol testing required by the employer, no such test shall be given.

Consequences of Refusal

If a job applicant refuses to undergo drug or alcohol testing, the applicant shall be deemed to have withdrawn application for employment.

Procedure for Testing

- (1) *Notification form.* At the time the employer requests a job applicant to undergo drug or alcohol testing, the employer shall provide the individual with a form on which to:
 - (a) Acknowledge the individual has seen a copy of the employer's drug and alcohol testing policy; and
 - (b) Indicate any over-the-counter or prescription medications the individual is currently taking or has recently taken, and any other information relevant to the reliability of, or explanation for, a positive test result; and
 - (c) Indicate consent to undergo the drug and alcohol testing.
- (2) *Test sample.* The test sample shall be obtained in a private setting and the procedures for taking the sample shall ensure privacy to employees to the extent practicable, consistent with preventing tampering with the sample, and shall conform with applicable rules of the commissioner. All test samples shall be obtained by or under the direct supervision of a health care professional at a medical facility of the employer's selection.
- (3) *Identification of samples.* Each blood or urine sample shall be sealed in a suitable container free of any contamination that could affect test results, and be properly identified with the individual that provided the sample pursuant to the identification procedures of the testing facility.
- (4) *Chain of custody.* The testing facility shall maintain a written record of the chain of custody of the sample and ensure proper handling as required by the commissioner.
- (5) *Laboratory.* All drug and alcohol testing shall use the services of a testing laboratory licensed by the commissioner or qualifying under the transitional laboratory requirements set forth in Minnesota Statute, however, no test shall be conducted by a testing laboratory owned and operated by the City of Apple Valley.
- (6) *Methods of analysis.* The testing laboratory shall use methods of analysis and procedures to assure reliable drug and alcohol testing results, including standards for initial screening tests and confirmatory tests.
- (7) *Retention of storage.* Retention and storage procedures shall comply with the rules adopted by the Commissioner, and all samples that produced a positive test result, except breath samples from an initial screening test, shall be retained and properly stored by the testing facility for at least six months.
- (8) *Test result.* The testing laboratory is required to prepare a written report indicating the drugs, alcohol, or their metabolites tested for, the types of tests conducted and whether the test produced negative or positive test results. The testing laboratory shall disclose that report to the employer within three working days after obtaining a negative result on the initial screening test or, if the initial test was positive, within three working days after a confirmatory test.
- (9) *Notice of test results.* Within three working days after receiving the test result from the testing laboratory, the employer shall inform, in writing, a job applicant who has undergone drug or alcohol testing of:
 - (a) A negative test result on an initial screening test or of a negative or positive test result on a confirmatory test;
 - (b) The right to request and receive from the employer a copy of the test result report;

- (c) The right to submit information to the employer within five working days after notice of a positive test result to explain that result; and
- (d) The right to submit a written notice to the employer within five working days after notice of a positive test result, that the employee intends to obtain a confirmatory retest of the original sample at the employee's own expense at the original laboratory or another licensed testing laboratory. If a confirmatory retest is conducted in accordance with the rules adopted by the commissioner, and by a licensed laboratory, and the confirmatory retest does not result in a positive test result, the city shall reimburse the employee the actual cost of the confirmatory retest in an amount not to exceed one hundred dollars \$100.
- (e) A job applicant who has received a job offer contingent on the applicant passing drug and alcohol testing, and for whom a positive test result on an initial test was obtained, has a right not to have the job offer withdrawn unless the initial test has been verified by a confirmatory test.

Employer actions.

Where there has been a positive test result in a confirmatory test of a job applicant, the employer will withdraw the contingent offer of employment.

Data privacy

All data collected, including that in the notification form and the test report, is intended for use in determining the suitability of the employee for employment. The employee may refuse to supply the requested data; however, refusal to supply the requested data may affect the person's employment status.

The employer will not disclose the test result reports and other information acquired in the drug or alcohol testing process to another employer or to a third party individual, governmental agency, or private organization except in the following situations:

- (a) Written consent for the release of data by the tested person;
- (b) Pursuant to court order;
- (c) For use in an arbitration proceeding pursuant to a collective bargaining agreement;
- (d) For use in an administrative hearing pursuant to Minnesota Statutes;
- (e) For use in a judicial proceeding;
- (f) Disclosure to a federal agency as required by federal law;

6.7 DOT Drug and Alcohol Testing Policy

PURPOSE

The purpose of this policy is to establish programs designed to help prevent accidents and injuries resulting from the misuse of alcohol or use of controlled substances by drivers of commercial motor vehicles. This policy implements the requirements of the Federal Omnibus Transportation Employee Testing Act and the U.S. Department of Transportation Regulations, 49 C.F.R. Part 382.

This policy is in addition to and separate from the city's Drug Free Workplace Policy, which implements the federal Drug Free Workplace Act of 1988.

SCOPE

This policy applies to all employees whose job duties include operating city vehicles that:

City of Apple Valley Personnel Policy Manual

1. Have a gross vehicle weight rating of 26,001 pounds or more; or
2. Have a gross combination weight rating of 26,001 or more pounds inclusive of a towed unit with a gross vehicle weight rating of more than 10,000 pounds; or
3. Are designed to carry 16 or more passengers including the driver; or
4. Are of any size and are used in the transportation of materials where the vehicle is required to be placarded under the Hazardous Materials Regulations 49 CFR part 172, subpart F (regardless of weight).

All applicants, including current employees, applying for a position where duties include operating the vehicles described above, will be required to take a drug test if a job offered is made. The job is contingent upon a negative drug test report.

POLICY

Prohibited Activities

The following alcohol and controlled substance-related activities are prohibited:

Under the Influence of Alcohol While on Duty. Reporting for duty, or remaining on duty, to perform safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration of 0.02, but less than 0.04, will be removed from duty for twenty-four hours, escorted home and placed on annual leave for hours missed from work.

Using Alcohol. Using alcohol while performing safety-sensitive functions.

Alcohol possession. No driver shall be on duty or operate a commercial motor vehicle while the driver possesses alcohol in any quantity.

Pre-duty use. Using alcohol within four hours of performing a safety sensitive function. If an employee has had alcohol within four hours they are to notify his/her supervisor before performing any safety sensitive functions.

Drinking Alcohol within 8 Hours Following an Accident (or prior to being tested). When required to take a post-accident alcohol test, using alcohol within eight hours following the accident, or prior to undergoing a post-accident alcohol test, whichever comes first.

Refusal to test. Refusing to submit to an alcohol or controlled substance test required by post-accident, random, reasonable suspicion or follow-up testing requirements.

Under the Influence of Drugs While on Duty. Reporting for duty or remaining on duty, requiring the performance of safety-sensitive functions, when the driver uses any controlled substance, except when instructed by a physician who has advised the driver that the substance does not adversely affect the drivers' ability to safely operate a commercial motor vehicle. The driver must inform his/her supervisor of any therapeutic drug use.

Reporting for Duty after Testing Positive. Reporting for duty, remaining on duty or performing a safety-sensitive function, if the driver tests positive for controlled substance.

Tests required

There are six instances when a driver may be tested. Pre-employment, post-accident, random, reasonable suspicion, return-to-work, and follow-up.

Pre-employment testing.

After a conditional offer of employment, but prior to the first time a driver performs safety-sensitive functions, the driver must submit to testing for controlled substances. Any job offer, reassignment, or transfer to drive a commercial motor vehicle will be contingent upon:

1. A verified negative controlled substance test result, and

City of Apple Valley Personnel Policy Manual

2. The applicant's written agreement authorizing former employers to release to the city all information on the applicant's alcohol tests with a concentration result of 0.04 or greater, positive controlled substance test results, refusals to be tested, other violations of the testing regulations, and completion of return to duty requirements within the preceding two years.

The city also retains the right not to hire a driver who has a positive test result and who has not participated and completed a counseling or rehabilitation program as directed by the driver's substance abuse professional.

Post-accident testing.

As soon as practical following an accident involving a commercial motor vehicle, each driver will be tested for alcohol and controlled substances when the following occurs:

- The accident involved a fatality, or
- The driver receives a citation for a moving traffic violation from the accident and an injury is treated away from the accident scene, or
- The driver receives a citation for a moving traffic violation from the accident and a vehicle is required to be towed from the accident scene.

Alcohol Testing. An alcohol test must be administered within 2 hours of the occurrence of the accident. If two hours have elapsed from the time of the accident and the driver has not submitted to an alcohol test, the supervisor will prepare a record stating the reason a test was not promptly administered and submit it to the Human Resources Manager.

If an alcohol test required by this section is not administered within two hours following the accident, the city will continue to make attempts to perform an alcohol test within 8 hours of the time of the accident. If eight hours have elapsed and the driver has not submitted to an alcohol test, the supervisor will cease attempts to administer the test and prepare the record described above.

The driver must not consume any liquid containing alcohol for up to 8 hours following an accident or until the employee has tested, whichever occurs first. (See Consequences for Refusal to Test).

A driver who is subject to post-accident testing shall remain readily available for such testing for the time periods described above, or the driver may be deemed by the city to have refused to submit to testing.

Drug Testing. The driver must provide a urine sample for a drug test within 32 hours of the occurrence of the accident. If thirty-two hours have elapsed and the driver has not submitted to a controlled substance test, the supervisor will cease attempts to administer the test and will prepare a record stating the reason a test was not promptly administered and submit it to the Human Resources Manager.

The city may accept the results of a blood or breath test in place of an alcohol test and urine test for the use of controlled substances if:

1. Such tests are conducted by the Federal, State and/or local officials having independent authority for the test, and
2. The tests conform to applicable Federal, State, or local requirements, and
3. The test results can be obtained by the city.

Nothing in this section shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit a driver from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

Reasonable suspicion testing.

A supervisor must require a driver to submit to an alcohol or controlled substance test when there is reasonable suspicion to believe the driver violated the alcohol or controlled substance prohibitions. Reasonable suspicion is defined as the belief that the driver has violated the alcohol or controlled substance prohibitions, based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the driver. A written record will be made of the observations leading to an alcohol or controlled substance test, and signed by the supervisor who made the observations, within twenty-four hours. The record will be submitted to the Human Resources Manager.

Alcohol testing is authorized only if the observations are made during, just before, or just after the period of the workday the driver is required to be in compliance. If a reasonable suspicion alcohol test is not administered within two hours following the observations, the supervisor will prepare a record stating the reasons the alcohol test was not administered promptly and submit it to the Human Resources Manager. If the alcohol test is not administered within eight hours, the supervisor will cease attempts to administer the test, and will prepare the record described previously.

The required observations for alcohol and/or controlled substance reasonable suspicion testing shall be made by a supervisor or an employee of the city who is trained in accordance with federal law. The person who makes the determination or who observes or assists with making the determination that reasonable suspicion exists to conduct an alcohol test shall not conduct the alcohol test of the driver.

Even if no test is taken, no driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse, nor shall the city permit the driver to perform or continue to perform safety-sensitive functions, until:

1. An alcohol test is administered and the driver's alcohol concentration measures less than 0.02; or
2. Twenty-four hours have elapsed following the determination there is reasonable suspicion to believe that the driver has violated the prohibitions of this policy and federal law concerning the use of alcohol.

Except as provided in (4)(e)2 herein, the city shall not take any action under this policy against a driver based solely on the driver's behavior and appearance with respect to alcohol use, in the absence of an alcohol test. This does not prohibit the city with authority independent of federal law from taking any action otherwise consistent with law.

Random testing.

Method of selection of drivers to be tested. The selection of drivers for random alcohol and controlled substance testing shall be made by a scientifically valid method, such as a random number table of a computer-based random number generator that is matched with drivers' social security numbers, payroll identification numbers, and other comparable identifying numbers. Under the selection process used, each driver shall have an equal chance of being tested each time selections are made.

Alcohol testing will be administered at a number equal to or greater than ten percent (10%) of the average number of driver positions. Controlled substance testing will be performed at a number equal to or greater than fifty percent (50%) of the average number of drivers unless changed by the FHWA administrator. For controlled substance testing, the city shall randomly select a sufficient number of drivers

Drivers may be selected for more than one test per year.

Tests will be unannounced and spread reasonably throughout the calendar year.

Drivers selected for random tests will proceed immediately to the testing site upon notification of being selected.

In the event a driver who is selected for a random test is on vacation or an extended medical absence, they will be tested when they return, or an alternately selected driver may be tested in their place if necessary.

Return-to-duty testing.

The city shall ensure that before a driver returns to duty requiring the performance of a safety-sensitive function after engaging in conduct prohibited by federal law or this policy concerning alcohol or controlled substances, the driver shall undergo a return-to-duty test with a result indicating an alcohol concentration of less than 0.02, or verified negative results for controlled substance use. See (J) (3) of this section.

Follow-up testing.

Following a determination that a driver is in need of assistance in resolving problems associated with alcohol misuse and/or use of controlled substances, the driver is subject to unannounced follow-up alcohol and/or controlled substance testing as directed by a substance abuse professional.

Follow-up alcohol testing shall be conducted only while the driver is performing safety-sensitive functions, just before or just after performing such safety-sensitive functions or while the driver is in a state of readiness to perform safety-sensitive functions.

Specimen collection procedures for controlled substance testing

(1) Split specimen procedure for controlled substance testing.

- (a) This policy adopts and specifically incorporates by reference 49 CFR 40 *Procedures for Transportation Workplace Drug and Alcohol Testing Programs*.
- (b) The driver shall urinate into a specimen bottle that is capable of holding at least 60 ml.
- (c) The collection-site person shall pour the urine into two specimen bottles. Thirty ml shall be poured into one bottle, to be used as the primary specimen. At least 15 ml shall be poured into the other bottle, to be used as the split specimen.
- (d) If the driver is unable to provide the appropriate quantity of urine, the collection-site person shall instruct the driver to drink not more than 24 ounces of fluids and, after a period of no more than two hours, again attempt to provide a complete sample. If the driver is still unable to provide a complete sample, the testing shall be discontinued and the city notified. The MRO shall refer the driver for a medical evaluation to determine if the driver's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the city may elect to not have the referral made and revoke the employment offer.
- (e) Both bottles shall be shipped in a single shipping container, together with copies 1, 2, and the split specimen copy of the chain of custody form, to the laboratory.
- (f) If the test result of the primary specimen is positive, the driver may request that the MRO direct that the split specimen be tested in a different DHHS-certified laboratory for presence of the drug(s) for which a positive result was obtained in the test of the primary specimen. The MRO shall honor such a request if it is made within 72 hours of the driver having been notified of a verified positive test result.
- (g) When the MRO informs the laboratory in writing that the driver has requested a test of the split specimen, the laboratory shall forward the sealed split specimen bottle and necessary documents, to a different DHHS-approved laboratory.
- (h) The result of the test of the split specimen is transmitted by the second laboratory to the MRO.
- (i) If the result of the test of the split specimen fails to reconfirm the presence of the drug(s) or drug metabolite(s) found in the primary specimen, the MRO shall cancel the test, and report the cancellation and the reasons for it to the DOT, the city, and the driver.

(2) Reporting and review of results for controlled substance testing.

- (a) *Confirmation retest.* The MRO shall notify each driver who has a confirmed positive test that the driver has 72 hours in which to request a test of the split specimen if the test is verified as positive. The driver is responsible for all costs associated with the confirmatory retest unless results are negative, in which case the city shall bear the cost up to \$100. If the driver requests an analysis of the split specimen within 72 hours of having been informed of a verified positive test, the MRO, in writing, shall direct the laboratory to provide the split specimen to another DHHS-certified laboratory for analysis. If the analysis of the split specimen fails to reconfirm the presence of the drug(s) or drug metabolite(s) found in the primary specimen, or if the split specimen is unavailable, inadequate for testing or untestable, the MRO shall cancel the test and report cancellation and the reasons for it to the DOT, the city, and the driver.
- (b) *Driver's failure to contact MRO within 72 hours.* If the driver has not contacted the MRO within 72 hours, the driver may present to the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the verified positive test, or other circumstances unavoidably prevented the driver from timely contacting the MRO. If the MRO concludes that there is a legitimate explanation for the driver's failure to contact the MRO within 72 hours, the MRO shall direct the analysis of the split specimen, as applicable, be performed.
- (c) *MRO unable to contact driver.* If, after making reasonable efforts and documenting these efforts, the MRO is unable to reach the driver directly, the MRO must contact the designated city contact person, who shall direct the driver to contact the MRO. If the city contact person is unable to contact the driver, the driver may be placed on suspension.
- (d) *MRO may verify positive test.* The MRO may verify to the city a positive test without having communicated directly with the driver about the test results under the following circumstances:
 - 1. The driver expressly declines the opportunity to discuss the test results;
 - 2. The driver has not contacted the MRO within five days of being instructed to do so by the city.

Alcohol testing

The FWHA alcohol test rules require breath testing administered by a breath alcohol technician (BAT) using an evidential breath testing device (EBT). Two breath tests are required to determine if a person has a prohibited alcohol concentration. Any result less than 0.02 alcohol concentration is considered a "negative" test. If the alcohol concentration is 0.02 or greater, a confirmation test must be conducted pursuant to 40 CFR 40.65. If the driver attempts and fails to provide an adequate amount of breath, the city will direct the driver to obtain written evaluation from a licensed physician to determine if the driver's inability to provide a specimen is genuine or constitutes a refusal to test. Alcohol test results are reported directly to the designated city contact person.

Data privacy

All alcohol/controlled substances test results and required records shall be released only with the written permission of the individual except as provided by regulation or law including 49 CFR 382.405 and M.S. Chapter 13.

Consequences for drivers engaging in prohibited conduct

- (1) *Removal from safety-sensitive functions.* Except as provided in federal law, no driver shall perform safety-sensitive functions, including driving a commercial motor vehicle, if the driver has engaged in conduct prohibited by federal law or division (C) of this section or an alcohol or controlled substance rule of another department of transportation agency.
- (2) *Prohibition of safety-sensitive functions.* The city shall not permit any driver to perform safety-sensitive functions; including driving a commercial motor vehicle, if the city has determined that the driver has violated federal law or this policy. If the driver has an alcohol concentration of .02 to .04, however, the driver shall not perform safety-sensitive functions until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test. Action required by the regulations as the result of a positive drug test (such as removal from performing a safety-sensitive function) is not stayed pending the result of the test of the split specimen.

City of Apple Valley Personnel Policy Manual

- (3) *Refusal to submit.* If the driver refuses to undergo required testing under federal regulations, no test shall be given, and the City Administrator or designee shall recommend to the City Council that the driver be discharged from employment on grounds of insubordination. In the case of a job applicant applying to drive for the city who refuses, no such test shall be given, and the job applicant shall be deemed to have withdrawn the application for employment.
- (4) *Pre-employment tests.* The city will not withdraw an offer of employment or promotion to a driver position made contingent on the job applicant passing drug and alcohol testing based on a positive test result from an initial screening test that has not been verified by a confirmatory test. Where there has been a positive test result in a confirmatory test and in any confirmatory retest (controlled substance only), the city will withdraw the contingent offer of employment or promotion to a driver position.
- (5) *Other tests.* The city will not discharge, discipline, discriminate against, or request or require rehabilitation of a driver solely on the basis of a positive test result from a screening test that has not been verified by a confirmatory test. Where there has been a positive test result in a confirmatory test and in any confirmatory retest (controlled substances only), the city may do the following:
 - (a) *First positive test result.* The city will follow the procedures contained in 34.37(H)(10)(a).
 - (b) *Second positive test result.* The city shall follow the procedures contained in 34.37(H)(10)(b).
 - (c) *Suspensions and transfers.* Notwithstanding any other provisions herein, the city may temporarily suspend the tested driver with pay or transfer that driver to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest (controlled substances only), provided the city believes that it is reasonably necessary to protect the health or safety of the driver, co-employees, or the public.
 - (d) *Other misconduct.* Nothing in this policy limits the right of the city to discipline or discharge a driver on grounds other than a positive test result in a confirmatory test arising from the same or other incident, including, but not limited to a conviction of any criminal drug statute for a violation occurring in the workplace.

Criminal penalties

In addition to state statutes or city ordinances, criminal penalties shall be as prescribed by 49 USC 521(b)(2), which provides that an employee who knowingly and willfully violates the Omnibus Transportation Employee Testing Act while operating a commercial motor vehicle by activities that have led or could have led to death or serious injury is subject to the statutory criminal sanctions.

Referral, evaluation and treatment.

- (1) *Resource advisory.* Each driver who engages in conduct prohibited by federal law and this policy shall be advised by the city of the resources available to the driver in evaluating and resolving problems associated with the misuse of alcohol and use of controlled substances, including the names, addresses and telephone numbers of substance abuse professionals and counseling and treatment programs.
- (2) *Evaluation by a substance abuse professional.* Each driver who engages in conduct prohibited by federal law and this policy shall be evaluated by a substance abuse professional who shall determine what assistance, if any, the driver needs in resolving problems associated with alcohol misuse and controlled substance use.
- (3) *Return-to-duty testing and assistance.*
 - (a) Before a driver returns to duty requiring the performance of a safety-sensitive function after engaging in conduct prohibited by a federal law or this policy, the driver shall undergo a return-to-duty alcohol test with the result indicating an alcohol concentration of less than 0.02 if the conduct involved alcohol, or a controlled substance test with a verified negative result if the conduct involved a controlled substance.

City of Apple Valley Personnel Policy Manual

- (b) In addition, each driver identified as needing assistance in resolving problems associated with alcohol misuse or controlled substance use:
1. Shall be evaluated by a substance abuse professional to determine that the driver has properly followed any rehabilitation program prescribed under federal law and this policy; and
 2. Shall be subject to unannounced follow-up alcohol and controlled substance testing administered by the city following the driver's return to duty. The number and frequency of such follow-up testing shall be as directed by the substance abuse professional, and consist of at least six tests in the first 12 months following the driver's return to duty. The city may direct the driver to undergo return-to-duty and follow-up testing for both alcohol and controlled substances, if the substance abuse professional determines that return-to-duty and follow-up testing for both alcohol and controlled substances is necessary for that particular driver. Any such testing shall be performed in accordance with requirements of 49 CFR 40. Follow-up testing shall not exceed 60 months from the date of the driver's return-to-duty. The substance abuse professional may terminate the requirement for follow-up testing at any time after the first six tests have been administered, if the substance abuse professional determines that such testing is no longer necessary.
- (4) *Evaluation and rehabilitation.* Evaluation will be provided by the city's employee assistance program and paid for by the city. Any recommended participation in a counseling or rehabilitation program will be at the driver's own expense or pursuant to coverage under an employee's benefit plan.
- (5) *Conflict of interest of substance abuse professional.* The city shall ensure that a substance abuse professional who determines that a driver requires assistance in resolving problems with alcohol misuse or controlled substance use does not refer the driver to an organization in which the substance abuse professional has a financial interest. This subsection does not prohibit referring a driver for assistance provided through a public agency, the city or a person under contract to provide treatment for alcohol or controlled substance problems on behalf of the city, the sole source of therapeutically appropriate treatment under the driver's health insurance program, or the sole source of therapeutically appropriate treatment reasonably accessible to the driver.
- (6) *Inapplicability of section.* The requirements of this section with respect to referral, evaluation and rehabilitation do not apply to applicants who refuse to submit to a pre-employment alcohol or controlled substance test or who have a pre-employment alcohol test with a result indicating an alcohol concentration of 0.04 or greater or a controlled substance test with a verified positive test result.

Appeals procedure

Disciplinary actions taken pursuant to this section implementing the Federal Omnibus Transportation Employee Testing Act and related regulations, may be appealed through procedures described in the collective bargaining agreement or employees not governed by a collective bargaining agreement may appeal pursuant to 34.29 of the city's personnel chapter.

Record retention

- (1) 49 CFR 382 is expressly incorporated by reference and the city shall comply with the record keeping and retention requirements contained therein.
- (2) This section implementing the Federal Omnibus Transportation Employee Testing Act is based upon final Federal regulations at the time of the adoption of this section. Any revisions in the federal rules shall take precedence over this section to the extent that the policy has not incorporated the revised rules.

7: COMMUNICATIONS AND INFORMATION TECHNOLOGY

7.1 Media Requests

In addition to all city employees, this policy applies to firefighters, volunteers, and contractors.

All city employees have a responsibility to help communicate accurate and timely information to the public in a professional manner.

POLICY

Requests for private data or information outside of the scope of an individual's job duties should be routed to the appropriate department or to the data practices authority.

Any employee who identifies a mistake in reporting should bring the error to the City Administrator or other appropriate staff. Regardless of whether the communication is in the employee's official city role or in a personal capacity, employees must comply with all laws related to trademark, copyright, software use, etc.

With the exception of routine events and basic information that is readily available to the public, all requests for interviews or information from the media are to be routed through the City Administrator. No city employee is authorized to speak on behalf of the city without prior authorization from the City Administrator or designee. Media requests include anything intended to be published or viewable to others in some form such as television, radio, newspapers, newsletters, social media postings, and web sites. When responding to media requests, employees should follow these steps:

If the request is regarding information about city personnel, potential litigation, controversial issues, an opinion on a city matter, or if an employee is unsure if the request is a "routine" question, forward the request to the City Administrator. An appropriate response would be, "I'm sorry, I don't have the full information regarding that issue. Let me take some basic information and submit your request to the appropriate person, who will get back to you as soon as he/she can." Then ask the media representative's name, questions, deadline, and contact information.

All news releases concerning city personnel will be the responsibility of the City Administrator.

When/if the City Administrator authorizes a staff person to communicate on behalf of the city in interviews, publications, news releases, on social media sites, and related communications, the employee must:

City of Apple Valley Personnel Policy Manual

- Identify themselves as representing the city. Account names on social media sites must be clearly connected to the city and approved by the City Administrator.
- Be respectful, professional, and truthful when providing information. In most cases, only factual information (not opinions or editorial comments) should be provided: “The city finished street cleaning on 16 streets in the northwest corner of the city this past week” instead of “The city is doing a great job with street cleaning this year!” Corrections must be issued when needed.
- Generally not include personal opinions in official city statements. One exception is communications related to promoting a city service. For example, an employee could post the following on the city’s Facebook page: “My family visited Hill Park this weekend and really enjoyed the new band shelter.” Employees who have been approved to use social media sites on behalf of the city should seek assistance from the City Administrator or designee on this topic.
- Notify the City Administrator if they will be using their personal technology (cell phones, home computer, cameras, etc.) for city business. Employees should be aware that the data transmitted or stored may be subject to the Minnesota Government Data Practices Act.

7.2 Personal Communications and Use of Social Media

In addition to all city employees, this policy applies to firefighters, volunteers, and contractors.

It is important for city employees to remember that the personal communications of employees may reflect on the city. The City of Apple Valley respects employees and agents’ rights to post and maintain personal web sites, blogs and social media pages and to use and enjoy social media on their own personal devices during non-work hours. The city requires employees to act in a prudent manner with regard to web site and internet postings that reference the City of Apple Valley, its personnel, its operation, or its property.

- Employees and agents and others affiliated with the city may not use a city brand, logo, or other city identifiers on their personal sites, nor post information that purports to be the position of the city without prior authorization.
- Remember that what you write or post is public, and will be so for a long time. It may also be spread to large audiences. Use common sense when using email or social media sites. It is a good idea to refrain from sending or posting information or photos that you would not want your boss or other employees to read, or that you would be embarrassed to see in the newspaper. Keep in mind harassment, bullying, threats of violence, discrimination, or retaliation that would not be permissible in the workplace is not permissible between co-workers online, even if it is done after hours, from home and on home computers.
- The City of Apple Valley expects its employees to be fair, courteous, and respectful to supervisors, co-workers, citizens, customers, and other persons associated with the city. Avoid using statements photographs, video, or audio that could reasonably be viewed as malicious, obscene, threatening or intimidating, disparaging, or might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone’s reputation or posts that could contribute to a hostile work environment on the basis of sex, race, national origin, age, color, creed, religion, disability, marital status, familial status, veteran status, sexual orientation, gender identity, or gender expression, status with regard to public assistance or membership or activity in a local commission.
- City employees and agents shall not identify themselves as city employees when responding to or commenting on blogs with personal opinions or views.

- Occasional access to personal social media web sites during work hours is permitted, but employees and agents must adhere to the guidelines outlined in the city's Information Technology policy, Respectful Workplace policy, and any other applicable city policy.
- There may be times when personal use of social media (even if it is off-duty or using the employee's own equipment) may spill over into the workplace and become the basis for employee coaching or discipline. Examples of situations where this might occur include, but are not limited to:
 - Friendships, dating, or romance between co-workers
 - Cyber-bullying, stalking, or harassment
 - Release of confidential or private data (if there are questions about what constitute confidential or private data, contact the City Clerk)
 - Unlawful activities
 - Misuse of city-owned social media
 - Inappropriate use of the city's name, logo or the employee's position or title
 - Using city-owned equipment or city-time for extensive personal social media use

Each situation will be evaluated on a case-by-case basis because the laws in this area are complex. If you have any questions about what types of activities might result in discipline, please discuss the type of usage with your supervisor or Human Resources.

No social media web site may be used by the city or any city employee or agent to disclose private or confidential information. No social media web site should be used to disclose sensitive information. If there is any question as to whether information is private, confidential or sensitive, contact the City Clerk.

When using social media sites as a representative of the city, employees and agents will act in a professional manner. Examples include but are not limited to:

Using e-mail to participate in any kind of non-business related list-serve or broadcast mailing is prohibited. Users shall have no expectation of delivery or receipt of non-business related e-mail.

Internet: Internet access may be used for occasional, incidental personal use as long as it does not interfere with the normal duties of the employee and the above guidelines are followed.

Desk Telephones: Desk telephones may be used for personal use as long as it does not interfere with the normal duties of the employee and the above guidelines are followed. Personal long distance toll calls are prohibited on city-owned phones.

Copiers, Printers, Fax Machines: Users are granted limited, incidental use of photocopiers, printers, and fax machines as long as it does not interfere with the normal duties of the employee and the above guidelines are followed.

Computer and Network Logins and Passwords

All users must use and maintain unique IT-issued login IDs for computer and network-related access. Login IDs are not to be shared with others, and corresponding passwords must remain confidential. Multi-user or generic login IDs are permissible only in special circumstances approved and maintained by IT. Users are prohibited from saving their password credentials with the computer or device such that the city's network accounts are accessed through an automated login unless the device itself is password protected or otherwise secured by an IT-approved security method. The city must conform to adopted security practices, including password requirements, as governed by LOGIS and/or state and federal government guidelines. All users are required to follow password requirements as defined in Appendix 1, Network Password Requirements.

Appropriate network access shall be assigned by the IT department to each user login ID, and users may only log into computers and equipment with their assigned login ID. User login ID passwords are not to be shared with anyone, and will be forced to change periodically. New passwords should not be easily guessed. Anyone forgetting their password, or suspecting that their password's security has been compromised, must contact the IT department to be issued a new one, which will then be changed immediately.

Physical Security

City users are expected to provide reasonable security to their computer workstations and related IT equipment. This includes ensuring that passwords are not written down in accessible places, removable media must be kept in a secured area, and that confidential data is not displayed in such a manner that unauthorized personnel can access it.

Users may not move IT equipment outside of its assigned area without prior approval from the IT department. Portable equipment must be reserved and checked out only to city users. Users are expected to provide appropriate protection against theft, breakage, environmental damage, and other risks.

Users are required to log off computer workstations when absent for an extended time, such as end of day. Users may, however, "lock" their workstation instead when absent for a short period of time, such as during a meeting or over lunch.

Security policies for city-owned or personal mobile communications devices are found in Appendix 2: Wireless Communications Device and Phone Policy.

Virus Protection

All computer workstations, laptops, and servers must be protected from viruses using up-to-date antivirus software. Users may not alter their system's configuration or take other steps to defeat virus protection devices or systems. All files on removable media must be scanned for viruses prior to installation onto or access from city computer equipment. Any files suspected or known to contain viruses must be immediately reported to the IT department for proper handling.

Remote Network Access

Remote access is defined as the ability to connect to a computer or network from a distance, such as from home, hotel, conference, Internet kiosk, etc. Remote access into the city's network may be granted upon meeting the following conditions:

- Business-related purpose approved by requesting department head and IT Manager.
- Use of industry standard encryption and/or city supported VPN (Virtual Private Network) technology.
- Authentication and access control will be maintained by the IT department. Valid network login and passwords are required.
- While remotely connected, nobody but the authorized user may have access to the computer making the connection.
- Remote computer must comply with current anti-virus and security parameters as specified by the IT department.
- Additional policies for remote network access by city-owned or personal mobile communications devices are found in the Wireless Communications Device and Phone Policy.

All remote users are subject to the rules and regulations set forth in this entire policy for all network users. Users should follow proper data practices protocols as directed by the Minnesota State Statutes. Storing of business related information on a home computer creates an extension of the city's network; thus anything stored on that computer, might be subject to public data requests.

Wireless Access

Unauthorized wireless access into the city's computer network is strictly prohibited. Users may not attempt to scan, connect to, or install any wireless computing device on city equipment or property.

Wireless access must be authorized and configured by the city's IT department. Any authorized wireless access must utilize standards-based encryption, and conform to adopted security practices as governed by LOGIS and/or state and federal government guidelines. The city offers limited authorized use of wireless access for both employees, as necessary, and non-employees (guests) as a convenience. Access to this wireless network by guests is governed by a separate use policy presented upon connection or upon request for login credentials. All users of the city's wireless network must comply with this usage policy, however access is not guaranteed.

This policy covers city-issued communication devices and use of privately-owned personal mobile communication devices for city business.

This policy does not apply to wireless devices physically connected to buildings, vehicles, or other infrastructure that serve as part of the city's network infrastructure, including the Supervisory Control and Data Acquisition (SCADA) System, that are not assigned to individuals.

POLICY

Customer expectations for prompt resolution of questions or service concerns often require the use of wireless communications devices including cellular or smartphones by city officials. Efficient participation in meetings or work from multiple locations may require the use of wireless network access devices by employees or elected officials (hereafter referred to as mobile communications device users).

The purpose of this policy is to outline the reasons for 1) providing a city-issued phone; 2) allowing access to a city network through a privately-owned mobile communications device; and 3) providing a stipend for use of personal cellular phone/ smartphone or mobile device.

Mobile communications device users who: 1) must remain accessible due to the nature of their job duties; 2) must be available for emergency response or consultation; 3) have job duties that require receiving work communications remotely; or 4) require wireless network access for city duties may be eligible for a city-issued device or participation in one of the city's offered stipends defined in this policy.

Section 1: General Provisions for City-Issued and Personal Devices Used for City Business

The city retains the right to monitor and enforce network security through a mobile device management system. The mobile device management system may require installation of an app or other software on the mobile communications device. In the event that a communications device is damaged, lost, or stolen, the mobile communications device user is responsible for notifying their immediate supervisor and the IT Division as soon as possible. If a stipend is involved, the mobile communications device user is responsible for notifying the HR Division as soon as possible. In the event of a reported damaged, lost, or theft of a device or upon replacement of a device or when an employee is no longer employed by the city, the IT Division reserves the right to remotely remove all city data and/or city information such as contacts, tasks, or applications. The city is not responsible for any lost personal data.

Mobile communications device users shall maintain a password, PIN code protected, photo-password, biometric, or other IT-approved security access protocol on any city-owned or personally-owned smartphone or mobile device. Mobile communications device users are responsible for ensuring the proper elimination of city data, including city network passwords and photos from personal devices before disposal.

A mobile communications device user's use of the device is subject to data practices and data retention requirements under Minnesota law. The mobile communications device user is responsible to upload or transfer any data obtained in the conduct of city business from the device to the appropriate storage medium for the data within the city's network.

The Prohibited Use section of the city's Information Technology Policy applies to use of city-owned wireless devices. The Prohibited Use section of the city's Information Technology Policy also applies to use of personal devices for city business or when a mobile communications device user would be reasonably expected to be conducting city business.

The City of Apple Valley has no expectation for non-exempt employees to check or respond to emails or messages during non-work hours. A non-exempt employee shall not be authorized to incur hours worked or overtime for using email or logging into the city's network outside their normally scheduled work hours, unless explicitly requested by the employee's supervisor.

The city discourages use of cell phones (city-issued or personal) while operating a motor vehicle. Mobile communications device users are encouraged to place and answer calls prior to engaging a motor vehicle, or during a break from operation of the motor vehicle. In some jurisdictions, laws may prohibit the use of cell phones while operating a motor vehicle. It is the city's expectation that mobile communications device users will abide by all applicable laws.

Mobile communications device users using city-owned devices or connecting personal devices to the city's non-public networks shall sign the relevant waiver forms prior to obtaining network access credentials for the device. In order to receive an access key for a non-public network, the city may require the mobile communications device user to provide an e-mail address associated with the device.

Section 2: City-Provided Smartphone/Cellular Phones and Mobile Data Devices

The city may provide and maintain mobile data devices for mobile communications device users requiring mobile access to data. The city may provide and maintain smartphones/cellular phones and/or mobile data devices for certain eligible employees, if approved by their department head and approved by the City Administrator. In general, the following criteria will be used to determine eligibility.

- The position requires the ability to respond to business requests on a regular basis.
- The position requires the employee to frequently work off-site during business hours or on an on-call basis.
- Position job duties require immediate or emergency response during regular business hours and after business hours.
- Position job duties require frequent access of wireless networks outside of the office environment

City of Apple Valley Personnel Policy Manual

City-issued communication devices are for dedicated business use. Incidental personal calls or texts on city-issued devices will be acceptable. Frequent personal use that interferes with an employee's job functions is prohibited. Personal use may be considered excessive if it causes the city to increase its allotted minutes or payment plan for that department. Frequent personal use, regardless of time of use, may result in reimbursement to the city of any cost associated with personal use.

The service and city-owned equipment should be procured through appropriate available government procurement practices.

Work-related applications may be purchased for a city-owned device with prior approval by the department director. Applications that negatively interact with the city-owned device or with the city's network are prohibited on city-owned devices.

All devices remain city property and shall be returned to the city upon termination of employment, upon end of term of office, or if the device is no longer necessary for work-related purposes.

The purchase of city-owned devices must be done either through the IT Division or in consultation with the IT Division to ensure the device is currently supported by the IT Division.

Cellphone, smartphone and other mobile data devices are purchased, installed, maintained and owned by the City of Apple Valley to facilitate business communications. The contents of communications either made or stored are accessible at all times by city management. These systems shall be treated like other shared filing systems.

All electronic communications on city-owned devices are city records. The contents may be obtained and disclosed without your permission. **Therefore, the user should not assume that messages are either private or confidential.**

Section 3: Personal Mobile Data and Smartphone Devices Allowance

If approved by their department head and approved by the City Administrator, a stipend may be provided for privately-owned personal mobile data devices (including smartphones) that are purchased by the mobile communications device user and used for city business. Business necessity includes meeting customer or client service expectations in a timely fashion; need for immediate communication with department staff or others where employee job requirements take the employee outside of primary work area; need for access to data or phone communications on properties where wired access is not available; or job duties support 24x7 business infrastructures and require immediate response(s) to urgent communication needs.

Availability

An employee receiving a stipend for a smartphone device must make the phone number available to his or her supervisor, the IT Division, and emergency contacts and Emergency Operations Plan (EOP) call list if the employee is a designated EOP contact.

Licensing

Each data device syncing with city communications systems requires a Client Access License to be procured by the city.

Repair and Maintenance

Mobile communications device users receiving a stipend for a communications device are personally responsible for ensuring the device is in good working order. The IT Division is not responsible for upkeep, support or replacement of personal devices that are used for city business. IT support will be limited to instructions for the mobile communications device user on how to sync email, schedules, and tasks (if available), and use of city-supplied security products (if available). The city assumes no liability for any direct or indirect damages arising from the user's use of personal data device.

City of Apple Valley Personnel Policy Manual

Connecting a personal device to the city’s network opens the city’s network to security vulnerabilities. Mobile communications device users connecting a personal device to the city’s network are responsible for taking appropriate steps to keep their device operating systems current and updated and to protect their connected devices from virus, malware, and security threats. The city reserves the right to deny connection to the network for any personal devices the IT Manager deems to be a significant security risk to the city’s network or resources. If an application on a personal device is found to negatively interact with the city’s network, the city may prohibit connection of that device to the city’s network until the application is removed.

Stipends

Stipends will be on a tiered basis based on each department’s determination of appropriate need for the employee with the device:

Tier	Description	Monthly Amount
Tier #1	Limited Use Need (Voice and Text Only)	\$20
Tier #2	Wi-Fi Data Need Only	\$30
Tier #3	Voice, Text, and Data Need	\$50

An employee must submit a Request for Stipend form to his or her supervisor to approve the payment of a stipend. Department directors will determine if a city-owned device or stipend will be provided for an employee. All payments are subject to the approval of the City Administrator and may be eliminated if job duties change such that the above criteria are no longer met. Departments should review employee needs for communications devices annually.

Compliance with Internal Revenue Service (IRS) Regulations

Stipend payments by the city are considered a taxable benefit and will be included as taxable income to the recipient.

Work-Related Applications

Work-related applications may be purchased by the city and used on a personally-owned device with prior approval by the department head or City Administrator.

Interference with Job Duties

Department heads may prohibit employees from carrying their own personal devices during working hours if it interferes with the performance of their job duties.

Section 4: Responsibility

An employee who is found to be in violation of this policy may be subject to disciplinary action, up to and including termination of employment.

9: INTERIM AND TEMPORARY POLICIES

9.1 COVID-19 Program for Employees

Amended May 14, 2020

In addition to city employees, this policy applies to firefighters.

POLICY

The City of Apple Valley believes in the importance of a healthy workplace and wellness and wants to work together with employees to ensure that essential functions are operational, service can be provided, and employees are supported. In order to assist employees with health concerns and issues related to the COVID-19 public health emergency, the following policy amends by replacement the interim policy which was effective March 17, 2020. Recognizing that due to changing situations, this policy may be modified as needed by the City Administrator or designee.

Employee Who Is Advised to Self-Quarantine, is Exposed, or Experiences Symptoms

If an employee who is not displaying symptoms is advised by their health care provider, or due to travel based on the Centers for Disease Control (CDC) [travel risk assessment](#), to self-quarantine at home, a supervisor may consider work from home for the employee. Work from home will be based on feasibility for the position, business need, and available technology.

An employee who is exposed to an individual who has contracted COVID-19 or who experiences symptoms associated with COVID-19, should inform their supervisor immediately. The employee shall follow Centers for Disease Control (CDC) guidance or seek medical advice to determine next steps for their situation from their medical provider.

Effective April 1, 2020 through December 31, 2020, an employee may be eligible for Emergency Paid Sick Leave under the federal Families First Coronavirus Response Act (FFCRA). Refer to the city's *FFCRA Policy* for details. An employee who is not eligible for leave under FFCRA, or has exhausted such leave allotment, may use available paid leave hours. If available paid leave hours are depleted or insufficient to cover the leave period, the employee may request an unpaid leave of absence.

Employee Diagnosed With Actual or Likely Case of COVID-19 or Ordered to Quarantine

An employee who 1) who is diagnosed with a confirmed or likely case of COVID-19; or 2) is displaying symptoms associated with COVID-19 and is quarantined or in isolation as the result of a medical professional's recommendation; or 3) is quarantined or in isolation as the result of a Minnesota Department of Health (MDH) commissioner directive, federal quarantine officer order, or other official government directive shall follow CDC recommendations and any treatment recommendations of their health care provider.

An employee who is diagnosed with a confirmed or likely case of COVID-19 must notify their supervisor immediately. The supervisor must notify Human Resources immediately. The city will follow its *Procedure for Confirmed or Likely Case of COVID-19* regarding notifications, cleaning, and return to work. Refer to the city's *Procedure for Confirmed or Likely Case of COVID-19* for details.

The city may require that return-to-work information from a medical professional be forwarded to Human Resources before the employee returns to the workplace. This requirement will be determined by the City Administrator or designee, depending on the availability of medical providers and the severity of the pandemic outbreak.

Effective April 1, 2020 through December 31, 2020, an employee may be eligible for Emergency Paid Sick Leave under the federal Families First Coronavirus Response Act (FFCRA). Refer to the city's *FFCRA Policy* for details. An employee who is not eligible for leave under FFCRA, or has exhausted such leave allotment, may use available paid leave hours. If available paid leave hours are depleted or insufficient to cover the leave period, the employee may request an unpaid leave of absence.

Shut Down of City Facility

If the city is required to shut down any areas of city facilities resulting in a lack of work for employees, supervisors will make every reasonable attempt to find work for employees in order to keep them working productively. Employees may receive assignments to conduct work remotely, work at other facilities, and/or perform other functions to meet business needs. Unless otherwise notified, employees should expect to be available for work, as the situation could change regularly. If the city does not have meaningful work available for an employee, the employee may be placed on inactive status.

The decision to send an employee home due to lack of work will be recommended by the department head and approved by the City Administrator or designee. The decision, including actual hours worked and when the employee was directed to leave, shall be documented in writing and provided to Human Resources.

Stay at Home Order

During a Stay at Home executive order issued by the Governor of the State of Minnesota, employees who can work remotely may be required to do so. Employees deemed by the city to perform essential functions may be required to work at their normal workplace or may be assigned work at other facilities, and/or perform other functions to meet business needs.

Leave to Care for Others or Due to School Closures

If an employee determines they need to be away from work to care for other individual(s) or because of school or childcare facility closures related to COVID-19, the employee should notify their supervisor as soon as possible.

Supervisors may be able to assign remote work from home if it meets the business need of the city and based on available technology. Remote work assignment requires approval of the department head and City Administrator. Remote work assignment will generally not be appropriate if the employee is needed to provide substantial care to other individual(s) at home.

Effective April 1, 2020 through December 31, 2020, an employee may be eligible for Emergency Paid Sick Leave under the federal Families First Coronavirus Response Act (FFCRA). For school closures or childcare facility closures, an employee may be eligible for Family Medical Leave under the FFCRA. Refer to the city's *FFCRA Policy* for details. An employee who is not eligible for leave under FFCRA, or has exhausted such leave allotment, may use available paid leave hours. If available paid leave hours are depleted or insufficient to cover the leave period, the employee may request an unpaid leave of absence.

Leave for Employee with High Risk Health Status or Other Concerns

If an employee determines they need to be away from work because of high risk health status or other concerns related to COVID-19, the employee should notify their supervisor as soon as possible and may use their available paid leave hours. If available paid leave hours are depleted or insufficient to cover the leave period, the employee may request an unpaid leave of absence.

Employees may be required to work if needed, especially if there are widespread absences.

Reasonable accommodation will be provided to an employee if necessary due to the employee's disability. Refer to the city's Personnel Policy on *Reasonable Accommodation to a Qualified Individual with a Disability* for details.

Schedule Changes and Working Remotely or From Home

Department heads will make arrangements to ensure critical/essential functions will continue and will also follow the Emergency Management Plan, Continuity of Operations Plan, and directives of the Emergency Management Director and City Administrator.

Remote and working from home is not appropriate for all positions, and no employee is guaranteed the opportunity to work from home. Based on business need, staff will be given assignments and may be required to have Virtual Private Network (VPN) access in order to work from home or another remote location when assigned by their supervisor. This may include staff who are subject to quarantine. Staff may be reassigned to perform other duties as needed.

Schedules, approved leave, and other situations may require changes or adjustments based on essential business needs.

Any work done remotely must meet business needs, follow city and department policies, and be approved in advance by the department head and the City Administrator or designee.

Employee Displaying Contagious Symptoms

An employee who is sick should stay home.

Employees should refrain from discussing a coworker's health condition due to data privacy laws. If an employee has concerns, they should speak privately with their supervisor.

A supervisor may not ask employees about medical diagnosis, but employees may choose to voluntarily share this information. If an employee is displaying symptoms of contagious disease, supervisors should speak privately with the employee.

A supervisor may require an employee to leave the workplace, as a safety consideration for the health of other employees and the public, if the employee displays symptoms of a contagious illness. Such decision shall be part of a consistent plan that treats all employees with such symptoms similarly.

While supervisors should not make judgments about a medical diagnosis, they may rely on symptoms to make a determination to send an employee home. For example, the CDC recommends that employees who have symptoms of acute respiratory illness (e.g., cough or shortness of breath) stay home and not return to work until they are symptom free and free of fever (temperature above 100.4° F) for 24 hours without the use of fever reducing medications.

Supervisors should consult with Human Resources staff before sending employees home for these reasons and must notify Human Resources immediately if any employee is sent home because of displaying contagious symptoms.

An employee who is sent home because of displaying contagious symptoms shall follow Centers for Disease Control (CDC) guidance or seek medical advice to determine next steps for their situation from their medical provider.

Effective April 1, 2020 through December 31, 2020, an employee may be eligible for Emergency Paid Sick Leave under the federal Families First Coronavirus Response Act (FFCRA). Refer to the city's *FFCRA Policy* for details. An employee who is not eligible for leave under FFCRA, or has exhausted such leave allotment, may use available paid leave hours. If available paid leave hours are depleted or insufficient to cover the leave period, the employee may request an unpaid leave of absence.

Workers' Compensation

COVID-19 will be treated the same as other illness or injury. If an employee contracts COVID-19 from exposure at work, the supervisor must be notified and a First Report of Injury will be filed and submitted to the League of Minnesota Cities Insurance Trust (LMCIT), the city's insurer. Once a claim is submitted, LMCIT reviews the information to make a compensability determination. If the claim is accepted by LMCIT, Injury on Duty (IOD) benefits would apply pursuant to applicable collective bargaining agreements and the city's personnel policies.

9.2 Families First Coronavirus Response Act

In addition to city employees, this policy applies to firefighters.

This policy shall sunset December 31, 2020, unless otherwise extended by the City Council.

POLICY

It is the policy of the City of Apple Valley to comply with the requirements of the federal Families First Coronavirus Response Act (FFCRA or the "Act"). The FFCRA provides employees with Emergency Paid Sick Leave (EPSL) and Emergency Family and Medical Leave (EFML) for those affected by the COVID-19 pandemic, from April 1, 2020 through December 31, 2020.

EMERGENCY PAID SICK LEAVE (EPSL)

Emergency paid sick leave will be available for an employee who is unable to work or work remotely because:

1. The employee is subject to a federal, state, or local quarantine or isolation order related to COVID-19;
2. The employee has been advised by a health care provider to self-quarantine because of COVID-19;
3. The employee is experiencing symptoms of COVID-19 and is seeking a medical diagnosis;
4. The employee is caring for someone who is under quarantine order from federal, state, or local government related to COVID-19; or who has been advised by a health care provider to self-quarantine because of COVID-19;
5. The employee is caring for a son or daughter whose school or place of care is closed, or childcare provider is unavailable, due to COVID-19 precautions; or
6. The employee is experiencing substantially similar conditions as specified by the Secretary of Health and Human Services, in consultation with the Secretaries of Labor and Treasury.

Paid Benefits for EPSL

Eligible employees will receive up to two weeks of emergency paid sick leave.

- Full-time employees: up to 80 hours at their regular rate of pay, subject to caps and reasons noted below.
- Part-time and casual employees: up to the number of hours that the employee works, on average, over a two week period, subject to caps and reasons noted below.

The Act provides for the payments to be capped at \$511 per day (\$5,110 in total) for dealing with an employee's own illness or quarantine (reasons 1, 2, and 3 above). Employees who are caring for an individual affected by COVID-19 and those whose children's schools have closed (reasons 4, 5, and 6 above) receive up to two-thirds of their pay, and that benefit is limited to \$200 per day (\$2,000 in total).

The City will supplement the difference between the cap and the employee's regular rate of pay up to the maximum of 80 hours for full-time, and the up to the maximum of average hours worked as noted for part-time.

Emergency Paid Sick Leave Limits

EPSL will expire on December 31, 2020. EPSL will not carry forward and will not be paid to an employee upon separation of employment.

Replacements

An employee is not required to find a replacement to cover their hours while utilizing EPSL.

Other Available Paid Leave

An employee is not required to use other available paid leave before using Emergency Paid Sick Leave.

City of Apple Valley Personnel Policy Manual

Return to Work Following EPSL

An employee is required to follow guidelines established by the Centers for Disease Control and Prevention related to ceasing home isolation practices.

Emergency Responders

Emergency responders may be excluded from eligibility for EPSL, at the sole discretion of the city, if the city deems it necessary to maintain staffing levels to accomplish city business.

EMERGENCY FAMILY MEDICAL LEAVE ACT EXPANSION (EFML)

An employee may be entitled to take up to 12 weeks of job-protected leave if the employee is unable to work (or remote work) due to caring for the employee's son or daughter (who is under 18) because the child's school or place of care has been closed or his or her childcare provider is unavailable due to the public health emergency.

Eligibility for EFML

An employee, excluding an emergency responder, who has been on the City of Apple Valley's payroll for at least 30 days, may be eligible for EMFL. Emergency responders are not eligible for EMFL, unless otherwise determined by the City Administrator or designee.

Paid Benefits for EFML

EFML provides for a combination of unpaid and paid leave.

The first 10 days of EFML are unpaid. An employee may elect to use paid leave (e.g., annual leave, compensatory time, floating holiday) during the 10-day unpaid period, or the 10 days may be paid under Emergency Paid Sick Leave (EPSL), if taken for a qualifying reason.

After the first ten days of leave, an employee may be entitled to up to 10 weeks of job-protected leave, at two-thirds their usual pay. Part-time employees are entitled to be paid two-thirds of their usual pay based on the average number of hours worked for the six months prior to taking the leave.

The cap of the paid leave entitlement for employees is \$200 per day (\$10,000 in the aggregate).

The City will supplement the difference between the cap and the employee's regular rate of pay up to the maximum of two-thirds of their usual pay.

An employee may elect to use paid leave (e.g., annual leave, compensatory time, floating holiday) to receive compensation for the unpaid one-third, up to their regular rate of pay. In no circumstance may the combination of EFML and other paid leave hours taken for any day exceed the employee's regular pay.

Coordination with Other Family and Medical Leave Act (FMLA) Leave

Leave taken under EFML shall be counted toward an employee's total allotment of leave, for any qualifying reason, in a 12-month period under the Family and Medical Leave Act.

OTHER RIGHTS AND RESPONSIBILITIES UNDER FFCRA

Notifying the City of the Need for FFCRA Leave

An employee should make their request for leave known as soon as possible, by notifying their immediate supervisor or Human Resources and filling out a request form indicating the specific qualifying reason and date of requested leave. If an employee is incapacitated, the employee's representative should give verbal notice as soon as possible. Calling in

“sick” does not qualify as adequate notice. An employee must provide sufficient information regarding the reason for an absence for the city to know that protection and benefits may exist under this policy.

Group Insurance Continuation During FFCRA Leave

Coverage under city group health plans will continue while an employee is on FFCRA leave; however, the employee must continue to pay their portion of the premium. Payment arrangements will be discussed with an individual upon their request for leave.

Certification for FFCRA Leave

Generally, the city will require certification to verify the qualifying reason for the leave. An employee should be prepared to provide documentation such as a copy of any quarantine or isolation order, or written note by a health care provider advising self-quarantine, or a notice of closure of school or childcare provider (i.e. email, notification on website, or news article).

It is understood that requesting healthcare provider documentation may place additional burdens on our medical community during this pandemic; therefore, if an employee is unable to obtain this documentation, at a minimum, the name, address, and phone number of the employee’s treating healthcare provider must be provided. The City of Apple Valley also reserves the right to request additional documentation completed by a healthcare provider or childcare provider (as applicable) in situations where there is reason to believe an employee has fraudulently obtained leave or paid benefits.

Intermittent Leave

For an employee working on the premises, intermittent leave will only be permitted for the qualifying reason related to caring for their minor child whose school or place of care is closed, or childcare provider is unavailable.

For employees working remotely, intermittent leave may, at the city’s discretion, be permitted if the employee is unable to work their normal schedule of hours. The employee and the city will come to an agreement on a schedule that provides for the least amount of disruption to an employee’s job.

Rights Upon Return from FFCRA Leave

An employee who takes leave under this policy may be reinstated to the same job or an equivalent position upon completion of the leave. If an individual has exhausted all leave under this policy and is still unable to return to work, the situation will be reviewed on a case-by-case basis to determine what rights and protections might exist.

The law provides that an employee has no greater rights upon a return from leave than the individual would have had if they had continued to work. Therefore, an employee may be affected by a layoff, reorganization, furlough, change in job duties, or other change in employment if the action would have occurred had the employee remained actively at work.

FFCRA Notice

The FFCRA Employee Rights notice is posted on employee bulletin boards throughout city facilities and on the city’s Intranet site. Employees may obtain a copy or the notice or more information from Human Resources by calling 952-952-2500 or emailing hr@cityofapplevalley.org.

Discrimination Prohibited

Discharging or discriminating against an employee for requesting leave under FFCRA or filing a complaint against the city related to such is prohibited. An employees who believes they have been subject to discrimination as a result of requesting paid sick leave under FFCRA may contact Human Resources by calling 952-952-2500 or emailing hr@cityofapplevalley.org.
